### To Push Drive To Name China As Aggressor

To Seek Vote On Issue In U.N. Early In Coming Week

By PIERRE J. HUSS  
(L. N. S. Staff Correspondent)

LAKE SUCCESS, N. Y., Jan. 19.—U. S. sources indicated today that the drive to brand Red China an aggressor in Korea will be pushed to a vote early next week despite the Arab-Asia bloc's renewed pressure for "one last" peace bid to Peiping.

The U. S. resolution, which may have as many as a dozen sponsors, is being circulated to all 60 delegates before the political committee resumes its sessions on Communist China at 3 p.m. EST.

Although support for the resolution is strong, the hesitation of many nations is still a bar to an outright cracking down with sanctions on Mao Tse-tung's regime. Behind-the-scenes consultations have shown, for example, that countries like Britain will vote for a condemnation but probably refrain from participating in a resolution sponsor.

#### Fifty May Favor Move

A top U. S. diplomat estimated on the basis of yesterday's reception of Chief American Delegate Warren Austin's speech that nearly 50 countries can be expected to cast their vote for labeling Peiping an aggressor.

At the same time, talks with all-non-Communist lands have made it equally clear that there is great hesitation about applying sanctions and that the utmost in sight at present is for the convoking of the collective measures committee to study punitive steps. Back of the hesitation is the fear that drastic action against Red China will

### Private Plane, With Five Aboard, Reported Missing

Denver, Jan. 19.—(INS)—A private twin-engine plane, with five persons aboard, was reported missing today on a flight from Denver to Cody, Wyo.

Civil Aeronautics Administration investigators identified the pilot as 32-year-old Ralph Meyers of Cody, who picked up four passengers at Denver's Municipal Air Field yesterday afternoon for his employer, Paul Stock, millionaire Cody oil man.

William Snowden, a friend of the oil man, said the passengers included Stock's secretary, Mrs. Mable Overly, 40; Don K. Weaver, 32, production manager for the Wilshire Oil Co., of Los Angeles; and two other unidentified persons.

Control tower operators said the plane was due at Cody and had a four hour gas supply.

### Springlike Weather Will Be Ended Today

(By International News Service)

The weatherman can be a good Joe after all—he promised another "nice" day today.

He said the mercury would soar to a springlike 65 throughout this district this January day, but then promised it would get colder again tonight.

Tomorrow we ought to be back in the same old frigid rut, with colder weather on the way. Expect rain by tomorrow night and rain mixed with snow in the extreme north portion.

#### Daily Weather Report

##### WEATHER FORECAST

Some cloudiness and mild tonight with a low 30 to 40 in the north and 40 to 45 in the south portion. Saturday considerable cloudiness and continued mild with a chance of scattered showers toward evening turning colder at night.

United States weather statistics for the 24-hour period ending at 9 a. m. today:

Maximum temperature, 57.  
Minimum temperature, 40.  
Precipitation, traces rain.  
River stage, 16 feet.

Statistics for the same date a year ago follow:

Maximum temperature, 46.  
Minimum temperature, 14.  
Precipitation, traces.

### Truman Names Eric Johnston As Stabilizer

Action Taken As Valentine Resigns Due To Controversy

(BULLETIN)

WASHINGTON, Jan. 18.—(INS)—Alan Valentine resigned today as economic stabilizer and President Truman named Eric Johnston to succeed him.

Valentine resigned because of disagreements over the imposition of price and wage controls.

The announcement was made at a White House news conference attended by Defense Mobilization Director Charles E. Wilson and Johnston, head of the Motion Picture Producers Association and a former president of the U. S. Chamber of Commerce.

The change is effective immediately.

Valentine told the president in

WASHINGTON, Jan. 19.—(INS)—President Truman and his cabinet today received a first-hand briefing on the Korean conflict from the chiefs of the army and air force who returned yesterday from the Far East.

Gen. J. Lawton Collins, Army Chief of Staff, and Gen. Hoyt Vandenberg, Air Force Chief of Staff, discussed the Korean situation for more than an hour this morning at the White House.

Cabinet members would not discuss the nature of the discussion by the two generals but one said that the briefing was "very informative."

Attorney General McGrath was asked whether the military leaders' report was "encouraging."

He smiled and said he could not give an opinion on what he had heard except to say that it was "very informative."

### Wage And Price Controls Move Step Nearer

Prospective Increase In Price Of Coal Will Speed Action

By PHILLIPS J. PECK  
(L. N. S. Staff Correspondent)

WASHINGTON, Jan. 19.—Wage-price controls moved a step nearer today as a soft coal wage boost foreshadowed a certain increase in coal prices.

Neither President Truman nor defense mobilizer Wilson would name a date for controls, which could either be a freeze at current rates or a rollback to wages and prices at a specified date, with the freeze considered most likely.

#### Speed-Up Indicated

But Wilson's announcement that movie "car" Eric Johnston job indicated a speed-up in the schedule for application of controls of some kind. The addition of a top executive to the mobilization administration could aid in getting a control program under way.

The prospect of rationing appeared remote, even in the face of controls on prices and wages. Wilson told a senate small business committee that he hoped the U. S. could produce enough so that the "evil day" of rationing would never come.

#### Will Be Investigated

The coal wage and price boost—an additional \$1.60 a day for miners and an estimated five to six per cent increase in coal prices—will be investigated by price administrator DiSalle.

The price administrator said: "Any general increase in coal prices will be referred to our coal experts for study in relation to our current voluntary standards."

Accident Occurs In Downtown Pittsburgh Thursday Afternoon

PITTSBURGH, Jan. 19.—(INS)—A young mother and her prematurely born infant daughter died, and three other persons were injured, by a run-away automobile in downtown Pittsburgh yesterday.

Mrs. Grace Penix, 26, died of a fractured neck and possible fractured skull, and her infant daughter, delivered by caesarian section after the accident, died three hours later.

The child was born a half hour after the mother died of her injuries.

The injured injured were an 86-year-old man, E. M. Schuster, who was reported in a fair condition with

Missing Boy Is Found Dead

Body Is Found On Roadside Near Chicago

CHICAGO, Jan. 19.—(INS)—Authorities today checked a high school senior's story that he saw the body of 13-year-old Billy Rosenberg dumped on a roadside near Chicago and searched for the 1946 blue Plymouth the killer reportedly drove.

Will county coroner Willard Blood said Rosenberg, missing since Tuesday afternoon, was strangled but apparently had not been sexually molested. The boy's neck appeared to be broken, the coroner said, and there were fingermarks on the throat.

Authorities also sought to determine if there was any connection between the boy's slaying and the disappearance of truck driver Ben Willis, 36, of Watseka, Ill., who vanished the same day after making deliveries near Cicero.

Jack Holt, Noted Movie Star, Dies

HOLLYWOOD, Jan. 19.—(INS)—Jack Holt, real life cowboy who graduated from the open range to film stardom playing hardbitten adventurer roles, died last night of a heart ailment. He was 62.

The veteran of scores of "He-Man" screen roles suffered a heart attack shortly before Christmas and another a few days ago. Coronary thrombosis was given as the cause of death.

The fatal seizure came a few hours after he was taken from his apartment in Santa Monica's swank Miramar Hotel to the veterans administration's Wadsworth hospital at nearby Sawtelle.

Holt first came to the films in 1913, when he already had lived a life as varied and rugged as that of the "He-Men" he later portrayed.

### 'ATOM BOMB USE IS UP TO UNITED NATIONS'

SAN BERNARDINO, CALIF.—Shown at a news conference is Maj. Gen. Emmett O'Donnell Jr. who has returned from Korea to assume command of the 15th Air Force. When asked what he thought about using the Atomic bomb in Korea, he said, "that is a question for the higher command. It is up to the United Nations". General O'Donnell (right) also said that he was in accord with the United Nations, "but that it was a poor substitute for military headquarters".

Cal., Jan. 19.—(INS)—Conflicting reports echoed today from a news conference Maj. Gen. Emmett (Rosy) O'Donnell Jr., held on his return from six months of directing the Air Force bomber command in Korea.

One group of reporters said O'Donnell advocated the use of the atom bomb on the Chinese Communists.

Another group said he did not. The latter group was backed in their account of the conference by Capt. James M. Dean, public relations officer at March Air Force Base. He said that at no time did the general advocate the use of the bomb.

### Indications China Is Now Withdrawing Best Troops From Battle Areas In Korea

By HOWARD HANDLEMAN  
(Far Eastern Director, L. N. S.)

TOKYO, Jan. 19.—Indications that the best of China's armies in Korea is being withdrawn from the war with the United Nations forces were seen in reports to Tokyo today.

It was believed that a major reason for the withdrawal was that the Russians had failed to make good on their promise of full air support and that Allied air attacks and the weather had taken a toll of more than 50 per cent of the Fourth Field Army's men General Lin Piao led into Korea.

At the same time, however, other reports indicated the Russians have given the Chinese Communists sizable forces to protect China against amphibious attack by Chiang Kai-Shek's forces from Formosa.

Late reports said the Russians have moved six infantry divisions and one elite paratrooper division into China. The Russian divisions are reported to be deployed in positions from which they can be most effective in repelling any invasion effort against the Chinese mainland.

Russian Divisions In China Some sources in Tokyo said the presence of the Russian divisions in China is the explanation for the American policy of restraining Chiang Kai-Shek from invading the mainland at this time.

In Korea the picture was different. The Fifth Air Force announced that only 26 close support missions were flown all day Thursday because contact with the Communists was so limited.

Reports from the western front indicated this lack of contact might be permanent for at least part of the Chinese armies—the best part.

The reports indicated that General Lin Piao has ordered his

HAULS BODY OF DEAD WIFE AROUND IN AUTO FOR OVER TWO DAYS

(BULLETIN)  
SAN FRANCISCO, Jan. 19.—(INS)—A husky, 36-year-old San Francisco construction worker was jailed in San Francisco today for the murder of his wife after confessing he had driven around for two days and three nights with her body stuffed in the trunk of his automobile.

Inspector Al Nelder of the police homicide squad said the prisoner, Frank Londo, surrendered voluntarily at Los Banos, Cal., and confessed he smashed the skull of his attractively 34-year-old brunette wife, Vera, with a heavy tool in the basement of their San Francisco home last Tuesday night.

Nelder quoted London as saying they had quarreled because he had been drinking heavily.

### United Nations Patrols Probe Enemy Sectors

Little Action Along Front; Reds Build Up For Another Push

By HOWARD HANDLEMAN  
(Far Eastern Director, L. N. S.)

TOKYO, Jan. 19.—Red buildups for an expected big push were reported from both flanks and the center of the South Korean front today as United Nations patrols probed as much as 25 miles forward from Allied lines.

In the wake of Thursday's actions when the UN vanguards discovered and fought Communist units in virtually every sector, Friday's patrol thrusts produced relatively few clashes.

A U. S. Eighth Army communiqué timed at 8 Friday night (6 a.m. EST) said there had been "little or no contact with the enemy" during the preceding 12 hours.

The bulletin added that armored UN patrols had ranged as far north

### Indictment Of 17 Urged By Jury At McKees Rocks

PITTSBURGH, Jan. 19.—(INS)—A sordid story of vice, rackets and political macing in the McKees Rocks district near Pittsburgh was exposed to public view today in a blistering report of the state's special grand jury.

The jurors, who started out investigating "free work" charges in Pittsburgh city hall, recommended the indictment of McKees Rocks Burgess David Hersham, Chief of Police Nick Antonelli, Fire Chief Thomas Cairns, and 13 other persons in the borough.

Prostitution Flourishes The jurors said they found that houses of prostitution flourish in McKees Rocks with the knowledge and consent of law enforcement officers.

They found that the numbers racket is operated in the borough under the very eyes of the police by one Joseph (Yussey) Thompson.

The jury also found that money from a firemen's fund to aid injured firemen and firemen's widows, was diverted to the McKees Rocks Democratic club.

Among the recommendations for indictment, the 17-man grand jury recommended that Hersham be indicted for misdemeanor in office.

sense plans outlined to the American military commander.

(The naval correspondent of the London Daily Mail said that Eisenhower, as a result of talks with high British naval authorities, will recommend a rapid and "very considerable" build-up of Anglo-American naval strength.)

**Greeted By Official**

Eisenhower was greeted at the Luxembourg airport by the Luxembourg government president and minister of state, Pierre Dupong. Foreign Minister Joseph Bech and chief of staff Col. Aloise Jacob of the Luxembourg army. There also was a 60-soldier honor guard.

During the afternoon Gen. Eisenhower will confer with Dupong, Bech and Jacob, after which he will have an audience with Grand Duchess Charlotte and Prince Consort Felix at the Luxembourg palace.

In the evening he will attend a "family dinner" at the residence of United States Ambassador Perle Mesta.

During his stay in Luxembourg Eisenhower is expected to visit the grave of the late Gen. George S. Patton, Jr., in the U. S. military cemetery at Hamm.

Before Eisenhower himself came in from Rome aboard his special constabulary, his pilots flew the plane up from Rome during the night and made two practice landings at Luxembourg's still uncompleted airport then they returned to Rome to pick up the commander.

**Rioting In Italy**

His visit to Rome had been marked by Communist-led strikes and rioting which resulted in three deaths and injury to over 100.

Alighting from the plane, Gen. Eisenhower was greeted by shouts of "Vive Eisenhower" by a small crowd which accompanied him a warm welcome.

The military commander told correspondents that his mission involved "organization for peace, not war," and added:

"The free world is binding itself together and gaining strength from unity. My task is to determine whether basic principles on which we hope to operate are agreed upon."

He reiterated previous statements that he was very much impressed with the determination of all government officials he has talked to on his European tour to stand in defense of their own freedom. Asked whether western Europe can be defended, he replied:

"I am just starting my task and I am not finished yet. I won't study that question until I return and get down to work with my staff."

## REPORTS CONFLICT ON WHAT MAJ. GEN. O'DONNELL SAID

general said the bomb should be used, quoted O'Donnell thus:

"It is my personal opinion we are in a global war right now. Let's quit kidding. Let's fight all out."

"Let's use weapons of our own design... The ultimate weapon." The reporter said that when he was asked directly if he meant the atom bomb, O'Donnell replied, "Yes."

**"Should Have Been Bombed"**

Another account reported the general expressed the view China and Manchuria should have been bombed when the Chinese Reds moved into Korea, declaring:

"I personally believe we should have cracked them and cracked them hard. In fact, we should have smacked the hell out of them."

However, according to this account, when he was asked whether he meant the atom bomb should have been used he avoided the issue by saying that either conventional-type or A-bombing could "put the hex on them."

In Washington, President Truman's press secretary, going on the one report that the general had proposed the use of the atom bomb, issued a statement in which he said O'Donnell "spoke for himself and not for the government."

**Not Speaking For Air Force**

(Gen. Hoyt S. Vandenberg, Air Force chief of staff who is just back from the Far East, said that O'Donnell "does not speak for the Air Force.")

O'Donnell, protested sharply against the United Nations decision which thwarted bomber attacks on supply and munitions centers in Manchuria and China.

He said:

"They should not put Marquis of Queensbury rules on us, to fight a thug who's going to hit us in the back of the head with an axe."

"The United Nations is altruistic. The world would benefit from a strong U. N."

"But it is a very poor substitute for military headquarters in a campaign."

## INDICATIONS CHINA IS WITHDRAWING TROOPS

(Continued from Page One)

Fourth Field Army units—which conquered Seoul—to pull out of Korea.

**Seen Moving North**

Air reports said that tanks and armored cars were seen moving north in the Pyongyang area from the battleline 150 air miles to the south.

At the same time, however, other Chinese of General Chen Yi's Third Field Army were pushing south toward United Nations lines on the east coast of the peninsula.

The past three days have sent United Nations spearheads deep into territory nominally considered enemy. These patrols went into Suwon and Wonju without encountering serious Communist resistance.

United Nations patrols were still trying to regain contact with the enemy.

Chinese captured during the last three or four days have told interrogators that their units suddenly began a northward move without explanation.

**Chinese Hard Hit**

These prisoners said that more than 50 per cent of the Chinese in their outfits had been put out of action by American air attacks or by the biting cold that eats through the paper-thin foot-gear of the Chinese soldiers.

Both the air force and Eighth Army have consistently reported that losses among the Chinese were tremendous and spokesmen have expressed the belief that many Chinese Red units were being put out of action through high casualty tolls.

A conservative estimate placed at 30,000 to 40,000 the number of casualties inflicted on the Chinese by the First Marine Division and army units in their epic withdrawal from the Chosen reservoir to the evacuation port of Hungnam in December.

The air force alone claimed about 50,000 casualties inflicted from the air since November 26.

**Tremendous Slaughter**

The air force figures of destruction show the tremendous slaughter that has been wrought.

Between June 27 and December 31, the air force destroyed enough homes and buildings to have covered all of New York.

The summary of air force claims, obtained by Lee Ferrero, International News Service war correspondent at Fifth U. S. Air Force headquarters in Korea included:

906 tanks destroyed and 806 damaged.

3,000 trucks destroyed and 2,015 damaged.

3,960 other vehicles destroyed and 2,750 damaged.

303 locomotives destroyed and 325 damaged.

113 bridges destroyed and 225 damaged.

Gen. Ho Ying-Chin, top strategist for Chiang Kai-Shek and a former Nationalist premier and war minister, said in Tokyo today he believed it probable Lin Piao was pulling back, possibly all the way into Manchuria, where he can reorganize without the threat of air attacks.

**Costly Casualties**

Gen. Ho pointed out that casualties from air or weather are more costly to a Chinese army than to an American or British army because the Chinese have not developed an effective field medical service and therefore wounds which are minor to American or British soldiers put Chinese troops out of action.

Gen. Ho said it was quite likely that the fourth field army had been hurt so badly in Korea it had to go home to lick its wounds.

Another Chinese Nationalist military source said that despite their numerical superiority the Chinese Reds are in a critical situation in Korea.

He pointed out their supply routes now are long and vulnerable and mentioned the statement of Gen. Hoyt S. Vandenberg in Washington Thursday that air strikes are "slowing down and stopping" the resupply of Communist armies in Korea.

spread the Korean conflict over Asia.

As a gesture to those factions still anxious to keep the door for negotiations with Red China open, Austin proposed the establishment of a standing "good offices" group. This would be ready at all times to carry on direct talks with Peiping in case the latter should suddenly call off its troops in Korea.

### Asia-Arab Bloc Confers

The Asia-Arab bloc conferred at length on staging one last-ditch fight against the United States against policy. It can be expected that a cross-fire of mediation maneuvers will crop up before the political committee gets around to the vote next week.

Eight countries actually spoke in support of Austin's viewpoint yesterday. The Soviet Union, however, promptly endorsed Peiping's refusal to deal with U. N. except on Communist terms.

Austin's speech defined six points for a U. N. stand in face of Peiping's rejection of the cease-fire bid and its continued defiance of U. N. These are:

### Asked by Austin

1. That the General Assembly find Peiping guilty of aggression.

2. That the assembly call on Peiping to end hostilities against U. N. forces and withdraw its armies from Korea.

3. That the assembly affirm its determination to continue efforts to resist aggression in Korea.

4. That the assembly call on all states to support U. N. and to refrain from assisting the aggressor.

5. That the assembly reaffirm its intention to bring about a cease-fire in Korea with a view to peaceful settlement and the achievement of U. N. aims in Korea by peaceful means.

6. That a special U. N. group be set up to achieve this objective, whenever Peiping signifies its intention to give up armed resistance.

### Coal Wage Increase

The coal wage increase, which takes effect Feb. 1, and will run until March 31, 1952, was announced jointly by John L. Lewis, head of the United Mine Workers, and representatives of northern and southern operators.

Wilson told the senate committee that small business will be brought into the defense production picture through government loans and pooling of tools to enable little firms to handle armament contracts.

The defense mobilizer said he believed that knowledge of the United States' industrial potential is keeping Russia from starting a general war because "I don't think the politico is dumb."

### Reports By Agencies

The meeting was opened by president A. H. Gonick, who called upon representatives of each of the 12 agencies to give a report of the activities of the past year.

All reports indicated that progress is being made in all of the agencies and that a lot more is being accomplished than in the past. Reports were made by the following persons:

J. C. Hildebrand, Boy Scouts; Mrs. Agnes B. Howley, Catholic Welfare Conference; Howard Earl, City Rescue Mission; Mrs. D. B. Forsyth, Girl Scouts; H. L. Gordon, Jameson Memorial hospital; W. E. Langan, Margaret Henry Home; Thomas J. Cunningham, New Castle hospital; Lt. W. K. Sharp, Salvation Army; John P. Boyles, YMCA; Dr. James A. Gillespie, Shenango street YMCA; Mrs. Paul P. Butz, YWCA; Mrs. John P. Hill, Elm street YWCA.

Reports were also given by president Gonick, Homer D. Choate, chairman of the 1950 campaign, and William R. Schmidt, executive director.

### Business Meeting Held

After the membership meeting, a business meeting of the board of directors was held with Mr. Gonick in charge.

Business at the board meeting included the granting of pay raises to members of the office staff, the referral of a request for funds by the United Defense Fund to the budget committee for further consideration, approval of revisions to be made in the bookkeeping system in the Community Chest office, and the approval of a motion to send William R. Schmidt, executive, and Mrs. Winifred F. Cooney, secretary, to the National Community Chest conference in New York City on Feb. 22, 23 and 24.

as Kangnung, 25 miles above the Korean eastern port of Samchok.

### Reds Are Deploying

Field dispatches reported that Chinese and North Korean troops, both regular and guerrilla, were deploying on both sides and the middle of the peninsula, narrowing the no man's land between the enemy and the UN lines.

The advances indicated Thursday's stepped up patrol encounters and Friday's reports of additional Red troop movements toward the front might preface a giant battle for the fate of war-torn Korea.

On the key western front south and southeast of Seoul, a full division of a 90,000-man Chinese force moved into battle array eight miles west of Icheon. The latter rail-highway junction lies 31 miles south-east of Seoul.

In the central sector, a Chinese regiment was tentatively identified as having augmented North Korean forces in the Chuak mountains seven to eight miles south-east of Wonju.

### Growing in Strength

And in the east-central sector, a U. S. Eighth Army Friday morning communique said Red troops "who previously infiltrated to mountain areas are growing in strength."

These enemy units, the bulletin added, are "apparently engaged in continued movements in an effort to consolidate for concerted aggressive action on the central-eastern front."

That the invaders were expected to strike all across the peninsula was indicated when the Eighth Army communique said UN troops "made a limited advance to positions south of Kangnung" on the east coast.

Kangnung, an important hub on Korea's eastern shoreline rail and highway route, is 105 miles northeast of Seoul and 17 miles south of Parallel 38.

It lies 45 miles northeast of the Allied-held mining center of Yongwol, in the vicinity of which UN troops fought a heavy two-day battle with strong Red forces Wednesday and Thursday.

### Continued Buildup

The Friday morning Eighth Army bulletin quoted South Korean police and civilian reports of "a continued buildup by enemy guerrilla forces" in the central-eastern sector.

This portended a possible new Communist effort to envelop the

abrasions and bruises; Frank B. Malone, 65, the driver of the runaway car who is believed to have suffered a heart attack; and Mrs. Mary Baranofski, 58, who was only slightly hurt.

Police said Malone was driving down Fifth Avenue when he stiffened and the car jumped the curb, struck the pedestrians and then crashed into the window of a clothing store.

Malone was involved in a similar accident in December, 1948, also in downtown Pittsburgh, but police said he later denied that he had suffered a heart attack at that time. No one was injured in that accident.

his resignation letter that "there has been an honest difference of opinion as to the precise timing and methods" of imposing overall price and wage controls.

He said there was no disagreement, however, on the necessity for such controls.

Valentine resigned after he said Wilson rejected a plan for putting overall mandatory price and wage controls into effect about February 1.

## DONNA FERRUCCI TO WED FEBRUARY 3

Miss Donna Jean Ferrucci, a bride-elect of February, was guest of honor at a lovely miscellaneous shower on Wednesday evening in the basement of St. Joseph's church, Ellport, Ellwood City.

Sixty relatives and friends gathered for the festive occasion, with five hundred and various contests providing the evening's diversions. Prizes for cards were presented to Mrs. Michael Lon and Mrs. George Blazin, while the bride-elect, aunt of the bride, Mrs. Orlando Ferrucci, was the guest of honor.

Numerous attractive gifts were presented to Miss Ferrucci later in the evening. Mrs. Joseph Simon and Mrs. Harold Gilchrist, aunts of the bride-to-be, were hostesses for the evening, and served a dainty lunch. A pink and white color theme was carried out in the clever decorations.

Donna Jean, the daughter of Mr. and Mrs. Sylvester Ferrucci of Gulf avenue, Ellport, Ellwood City, Pa., will be united in marriage with Eugene Montozzi, son of Mr. and Mrs. Guido Montozzi of Wampum.

Solemn wedding vows will be exchanged by the young couple in the Purification of the Blessed Virgin Mary church of Ellwood City on Saturday, Feb. 3, at 10 a.m., with open church to be observed.

Miss Virginia Montozzi, sister of the groom, will attend the bride as maid of honor. Bridesmaids will be Miss Virginia Cowher of West Pittsburg, and Miss Joyce Elcheson.

Best man for the ceremony will be Bill Ferrucci, brother of the bride. John Leopardo and Joe Montozzi, cousins of the groom, will usher. The groom's brother, Richard Montozzi, will be ring bearer, while the flower girl will be Sandra Churfel, cousin of the bride from Conway, Pa.

## PETER PAN GIRLS AT GENSANTE HOME

Members of the Peter Pan Girls club met Thursday evening at the home of Teresa Gensante, 505 E. Division street.

During the business meeting plans were made to have a hankie shower on each member's birthday. Various games were enjoyed with prizes going to Mrs. Betty Sanfilippo and Miss Vincie Chirumblo.

A dainty lunch was served by the hostess, aided by her sister Julia. The tables were prettily arranged for the occasion.

On February 1 the club will gather at the home of Catherine LaRocco, South Jefferson street.

## AMERICANS AND THE GOOD LIFE

For the first time since the American Revolution, with the exception of the War Between the States, the people of our country are faced with a stark test of faith. The conflict with world communism now is not to save the world for democracy, but to repel an enemy who is determined to destroy in our land the Christian ideal of human dignity and individual liberty and the political system which upholds that ideal. Our faith and our strength is this ideal.

As a nation, we came through World War II with little discomfort. Living standards have risen to record levels. So has the public debt which is exacting its toll in depreciating money. However it is evident that devalued dollars have not yet cramped our style. Last year, according to the Commerce Department, U. S. citizens spent a staggering \$178,832,000,000. The fabulous "American way" is well illustrated in a current joke which defines a pedestrian as a motorist who has found a place to park his car. The list of American "haves" could go on indefinitely. Already there are 8,000,000 television sets in our homes—homes which are equipped with tens of millions of deep freezes, refrigerators, electric stoves, radios, washing machines, ad infinitum.

In retrospect, after nearly two centuries of freedom and the boundless progress that only freedom could have achieved, it would be a wonder if we were not confused when suddenly confronted with the prospect of a fight for actual survival. But the time when we can afford confusion has nearly run out. These words of Lenin, uttered thirty years ago, ring with new significance: "As long as capitalism and socialism remain we cannot live in peace. In the end, one or the other will triumph—a funeral requiem will be sung either over the Soviet Republic or over world capitalism. . . . We have to use any ruse, dodges, tricks, cunning, unlawful methods, concealment and veiling of the truth."

This is the ruthless concept, backed by vast military force, which is confronting America and the world. To meet it we will need more than arms and men. We will have to lay our sights on primary objectives and keep them there. We must forget the adolescent notion that material security is an unqualified "right." The "rights" embodied in the American ideal are few and elemental. They include equality of opportunity, freedom of speech and religion, and the protection of private property. They are the tools with which the individual may achieve "life, liberty, and pursuit of happiness."

In a word, it is time we again understood what this country really stands for. John Dos Passos, the distinguished American author, has said, "this country was not founded to furnish glamorous offices for politicians, or to produce goods and services, or handouts of easy money. This country was founded to make men free." In the wealth of material comfort we have enjoyed so long, we have tended to forget that great truth. Now we must return to the simple fundamental—"This country was founded to make men free."

We face a two-faceted task. We must fight with all we have against our enemies outside. And, while we are under-going all the sacrifices and trials that may involve, we must keep our people free. One of the greatest dangers is that we may grant so much unlimited authority to the government that the system of checks and balances which stands between us and tyranny will be permanently destroyed.

We Americans have come to a climatic phase in the history of the good life. It is our duty to hold together for future generations the framework of freedom which made that good life possible.

## KEEP AHEAD WITH THE ATOM

With announcement that an atomic test is to be conducted at some date not announced on a 5000-mile isolated desert area in Nevada, the Atomic Energy Commission makes the guarded statement that it is to be "an atomic explosion." The inference seems to be that the experiment is to be made not with A-bombs but other devices.

The intimation is of special interest because there is no change in plans to carry on experiments, with A-bombs, at Eniwetok Atoll in the Pacific this spring.

The Nevada tests, it is hinted semi-officially, will facilitate and speed up development work in the Los Alamos atomic bomb laboratory. There is some speculation—with no indication it is anything else—that the Nevada explosions may be related to studies for development of "war heads" for guided missiles, suggests the Philadelphia Inquirer. Such devices might become of vital importance.

It could be wished that the condition of our time were such that we would be hearing more and more frequently of advancing experimentation looking to widespread peaceful use of the atom. But with the rising tide of international perils it is reassuring to observe that the AEC and other agencies of the government are pursuing definite A-bomb activities on an apparently substantial scale. The importance of keeping the United States ahead—far ahead if possible—of Russia in this respect cannot be overestimated.

A southwestern senator wants a law against artificial rain makers. Must be a hopeless picnic addict.

The human nose, we read, has a great capacity for killing germs. Especially, if it has a built-in alcoholic glow?

The more we see of this man's world, the more we wonder if the gals shouldn't be given a chance to run it.

## Spain In Europe's Defense?

The question of Spanish participation in western European defense came to the forefront with Gen. Dwight D. Eisenhower's visit to Lisbon and Rome.

As expected, the supreme defense commander encountered in the Portuguese capital an immense amount of enthusiasm for active defense measures but an absence of capacity that is no reflection upon the people of Portugal.

To offset this, it is highly probable that Premier Antonio Oliveira Salazar and other high Portuguese civilian and military officials to whom Gen. Eisenhower talked put up a very strong case for Generalissimo Franco's Spain.

Inseparably linked Portugal and Spain are inseparably linked on the Iberian peninsula and there is no question that many of Portugal's own problems would be solved immediately by the presence of a strongly-armed Spain, on friendly terms with all the western allies, at their back.

The Portuguese proved in the second world war that they were amply able to protect the seacoast. They have over responsibility for guarding a long coastline, leaving American and British naval units free to deal with the battle of the Atlantic over vast areas on both sides of the globe.

Also they had in readiness a vast fleet of aircraft especially assigned to fly the British government and its essential ministerial offices to Canada by way of the Azores if Nazi Germany had succeeded in invading the British Isles.

Francisco would aid. Franco has made known his willingness—even his desire—to throw as many as 22 well-trained divisions into action on the side of the western allies if he is given

or loaned the equipment and is accepted on a basis of full equality.

Portuguese intercession on his behalf would be a logical development in the light of Franco's recent state visit to the Portuguese capital, where a policy of inseparability was adopted.

The first step has been taken toward Spanish participation with the west by restoration of full diplomatic recognition on the part of the United States and the appointment of experienced and able Stanton B. Griffiths as ambassador.

But Spain is still far removed from inclusion in the western defense pact and from fulfillment of another Franco aspiration—admission to the United Nations.

It is quite likely that Salazar emphasized to Gen. Eisenhower that one aspect of Franco's character is traditional Spanish pride.

## Franco On Outside

There seems little doubt that if a real military crisis arises and Franco is still left "on the outside looking in" he will maintain the neutrality of his nation as long as possible.

Francisco considers his Spanish regime the first and most consistent opponent of militant communism in all the world.

His civil war cost the nation dearly in men, money and comforts.

But he nevertheless virtually wiped out the menace of communism within his own borders. And he cannot understand why the western world, now fully alert to the red peril, should not welcome the potential military might and the fervent Christianity of his people with open-armed enthusiasm.

Had Gen. Eisenhower gone to Madrid before visiting Rome he would have been able to make an interesting comparison.

Communist demonstrations against him and his mission would have been absolutely impossible under Franco's strictly regimented regime.

The Italian government, on the other hand, had to take emergency measures from one end of the country to the other, including announcement that any workers striking at a communist behest would be regarded as saboteurs.

Whether the Spanish question is slated for discussion at Rome or will await the outcome of Eisenhower's interim report to President Truman is problematical. The general is slated to go to Madrid later. From the military viewpoint, Franco may have a strong argument to present for himself.

## RELIGION AND YOUR CHILDREN

To all of us who believe in the value of religion to ourselves and our children, the emphasis on religion at the recent Mid-century White House Conference on Children and Youth was heartening.

The first general session of over 5,000 representative experts and laymen opened with invocation by a Catholic clergyman and closed with a benediction by a Jewish rabbi. The opening address of the conference was made by a Protestant preacher, on the subject, "Spiritual Foundations of Our Work with Children and Youth." All other general meetings began and closed with prayer led by one of the three leading faiths.

The conference was a culmination of study and research over a period of two years, around the subject, "For Every Child a Healthy Personality," by leaders of hundreds of organizations concerned with children and youth. This was the fifth White House Conference on Children and Youth. The first one was called by Theodore Roosevelt in 1908.

In the "Fact Finding Report" appearing in print before the conference assembled, with the basic ideas that were discussed and interpreted more fully at the conference, is a section on the church and the synagogue. To quote: "Though there are differences among the main streams of Judaeo-Christian religious thought and experience in American life today supports the faith that the God of the universe is one who is righteousness and love, infinite in majesty, wisdom and power. It is the affirmation of religion that persons have supreme value under God in the cosmic order, and that it is the will of God that each of his children should have life and live it to the full."

Since human beings seem to need someone to whom they can talk freely about their aspirations, frustrations, joys and sorrows, the "Findings" point out that, "The very concept of the brotherhood of man underlies the golden rule of religion which is basic to most religious faiths in America." It implies the sharing of another's experiences, the weeping with those who weep, and the rejoicing with those who rejoice, the admonition in love of those who go astray, and the bearing the burdens of the weak on the part of the strong." Again one reads from the "Findings":

"Underneath the cleavage between Catholic and Protestant, between Christian and Jew, is the stream of Judaeo-Christian tradition with its concept of the common source and the spiritual quality of all men as children of God; the obligation to respect the supreme worth of persons; the wickedness of exploiting the weakness of others; the meaning of redemptive love; the inextinguishable of the law that he that soweth the wind shall reap the whirlwind."

Addressing the general conference, President Truman said: "The basis of mental and moral strength for our children lies in spiritual things."

Also heard Professor Moses Juno, Columbia university, state that most universities have come to the conclusion that religion is necessary, and cite the rapid growth of the Columbia university school of religion as representative of this trend. He also heard, alas, several times at the conference, the assertion that scarcely half the children of the United States have any religious education inside or outside the home.

## NEW HITCH-HIKER, OLD HIGHWAY

## Washington Calling

(By MARQUIS CHILDS)

## Isolation Of Secretary Acheson

WASHINGTON, Jan. 19.—Recently a sympathetic Democratic Senator arranged a small dinner for Secretary of State Dean Acheson. He invited six of his Senate colleagues to sit down with the secretary for a frank talk on foreign policy—past, present and future.

The occasion was hardly an unqualified success. Even in this intimate group presumably of his friends Acheson showed the unyielding manner that has increasingly characterized his approach to his congressional critics. The host lamented later that instead of promoting friendship, the meeting had increased antagonisms.

## Lonely And Difficult Post

The office of the secretary of state is traditionally a lonely as well as a difficult one. But it is doubtful if any secretary has ever existed in such lofty isolation as does Acheson today.

In so far as confidence and a harmonious working relationship go, the secretary is today isolated from some of the ablest and most knowledgeable of the technical advisers in the State Department. He has rejected their views on two major points of foreign policy. They are two points vital to the Truman-Acheson policy and they happen also to be the most vulnerable points on which failure with grim consequences is most likely to come.

First is Germany. Acheson adopted the line of rearmament for west Germany on the basis of German military units to be incorporated in a west European army. This was against the advice of those who said that even if this was a desirable goal, it could not be achieved in view of the present political situation in west Germany.

Agreement with the Adenauer government on a form of rearmament was possible if sufficient concessions were made. But it was pointed out that in view of the shaky position of that government, ratification by the west German parliament was doubtful. Instead, the chances were that the Adenauer government would go down and a long period of political uncertainty and stalemate would follow.

Latest reports from Germany indicate that just this may happen if the issue of rearmament is forced. The public declaration by American that German units were essential to the defense of western Europe has pushed west German opinion in two directions.

First, it has accentuated the fear that a third world conflict will be fought out in Germany. This has given rise to a rapid increase in the conviction that Germany's neutrality as between Russia and the west must by all events be preserved. Politicians are exploiting the growing neutralism.

## Has Stiffened Resistance

Second, the stand taken by America has stiffened the resistance of those elements in Germany many that want to rebuild a new reich free to bargain from a position of strength.

## From Me To You

By MESEALL

The Federal Government has the answer for anything you might ask them . . . and if they happen to be fresh out of answers they will conduct a survey and come up with an answer . . . About 50 million bucks is spent each year to publish the answer to any question that might be asked. These answers are called Government Pamphlets.

Not so long ago the question was asked that concerned the raising of chickens . . . since the answer wasn't right on hand a survey was made. The survey was printed and distributed . . . six states were studied and the highly scientific answers read like this:

"1. Eggs stored in a cool, moist place keep better than those stored in dry heat.  
"2. New eggs are fresher than old eggs.  
"3. Eggs gathered frequently from roosterless flocks are less likely to spoil than those gathered at longer intervals.  
"4. Eggs are more likely to be broken when being moved than when kept still."

If you are not interested in chickens and the fruit there from . . . you can have a government agency give you printed matter concerning thousands of other topics . . . for instance . . . "The Age for 'Prime' Frog Legs" . . . in which you learn that some frogs live longer than others; some live "as much" as seven years or longer . . . or maybe it's bats. One publication says "The most satisfactory and the only permanent way of obtaining freedom from the bat-roost nuisance is to shut the bats out."

Another for instance . . . you might want information about . . . "Family spending and saving, as related to age of wife and age and number of children" . . . "Mist Netting for Birds in Japan" . . . "Music While You Work" . . . "The Schoolboy and the Fox" . . . "Lies Rewarded With a Bride" . . . or maybe you like this one . . . "Habits, Food, and Economic Status of the Band-Tailed Pigeon."

## Great Caesar's Ghost!

(By HOLMES ALEXANDER)

WASHINGTON, D. C., Jan. 19.—It's too bad that Dr. Graham, the White House surgeon, isn't a psychologist. Somebody's got to tell Mr. Truman the danger of going around muttering the names of Jefferson, Jackson, Lincoln and all that. Hero-worship, as every psychologist knows, is the normal thing for a growing boy. But when you become a man, you put away childish things—or else you get complexes.

Friend of mine, who's something of a White House insider, first suggested the matter to me shortly after the 1948 election. Mr. Truman, he said, had quite a reading shelf of American history—mainly popular biographies of Andrew Jackson. No harm in that, of course. But over the past two years it's got so that Mr. Truman can't mention Old Hickory without mentioning himself in the same breath. And very recently the President's started to go hog-wild in his self-comparison with great presidents of the past.

## Had Strange Answer

You just never know when this mental complex of Mr. Truman's is going to jump out at you. There was that press conference lately when he was asked if he intended to fire Secretary Acheson. Mr. Truman had a strange answer to that one. He said President Lincoln hadn't fired Secretary Seward under similar circumstances—and therefore! Only last week at a Democratic National Committee celebration Mr. Truman really pulled the hood off his "Me and My Hero" complex. He said he didn't mind criticism because all the great presidents got criticism. He managed to get the names of all the great presidents, Lincoln and Cleveland into a single mouthful of off-the-cuff oratory. Well, any grown man with a memory of his boyhood can understand this sort of thing. Plenty of successful bankers and taxi drivers could confess, I'll bet, that they used to imagine themselves Billy the Kid, D'Artagnan, Robert E. Lee and even Lothario. Myself, I happened to be raised in the town where H. L. Mencken was the literary Mr. Big. Heaven only knows how many boos and quacks I used to think I was slaying with my ersatz-Mencken prose. There was a time, when I was old enough to know better, that I went to Stratford-on-Avon just to set my feet in the same dust that Shakespeare trod. And don't ever think that I didn't pester editors with purple passages for a while.

## Supposed To Get Over That Phase

But you're supposed to get over that immature phase of impersonation. If you don't there's trouble. About every six months during a war, some insecure sap gets picked up for impersonating a war hero. We're all familiar with the ham actor who goes around playing Hamlet and with the never-was or has-been leading lady who's always acting out Camille or Juliet. The bughouse is full of poor wrecks who honestly believe that they're Napoleon or Bismarck. Most delusions of grandeur are quite harmless, just pathetic.

Every so often, however, you find one of these impersonation complexes in positions of power. Mussolini used to pose on his balcony like Caesar. Eugene O'Neill wrote a play about a Pullman porter who became "Emperor Jones," and James Barrie put an imaginary English butler on an island where "The Admirable Creighton" was, soon wearing a regal robe and sitting at the head of the table. Things like this happen every day in business, politics and even in the family circle.

## Ghost Of Departed Greatness

No wonder it can happen in the White House. The place is creeping with the ghosts of departed greatness. Something whispers to an average fellow who lives or works there under the tremendous pressures of today. Especially if he reads too many popular biographies. Sure, these books tell how Andrew Jackson lost his temper and wrote angry letters. It's easy to forget that you don't become a Jackson by copying these very minor traits of Jackson's character. You're much more likely to become a pale carbon copy of the book you read.

Worse than that, you begin to lose the very thing that makes you you—your own inimitable personality. Harry Truman is the man who asked reporters to pray for him when he first became president. He's the wonderfully human fellow who was so kind to his old mother and so proud of his winsome daughter. The country got to know Mr. Truman better when he made his famous come-from-behind race in 1948. Nobody except the sourpusses failed to get a kick out of his lonesome courage and solitary refusal to get licked. That election was a success story that couldn't have happened to a nicer guy.

But who's all this about his trying to wear Old Hickory's army cap or Honest Abe's stovepipe hat? Somebody ought to tell him to lay off those impersonations. Maybe there's no need for a psychologist. Maybe some good friend ought to step up and say: "Be yourself, Harry!"

## Looking At Life

By ERICH BRANDEIS

In Washington stands the Tomb of the Unknown Soldier as a symbol of the horrors of World War I.

Thousands and thousands go there every year to honor, through that one boy, all the heroes of that war and to meditate for a few moments over the high hopes we had in our hearts when the "war to end wars" was done.

Now we are in another war—call it what you may—and already we have a living symbol of all its terrors, all its brutality, all its futility.

The new symbol is not a monument of marble and majesty.

It is officially called a "BASKET CASE"—but to all of us it should be a shrine of reverence and contemplation.

For this "basket case"—the 20-year-old kid, Pfc. Robert L. Smith, of Middleburg, Pa.—brings home to all of us the insanity and uselessness of war.

The kid left his widowed mother to serve his country. He enlisted in the army, was shipped to Korea, slightly wounded and then suffered severe frostbite in the icy cold of the Korean winter.

Both legs below the knees, and both hands above the wrists had to be amputated.

So then this boy who marched so proudly off to war became a "basket case"—what an ugly name!—and was sent back to the United States by air for treatment at Walter Reed Hospital.

According to the Medical Officers, who were in charge of the "shipment," Robert Smith's "moral and condition" were excellent and his "chances of rehabilitation are very good."

So eventually this young fellow will be "rehabilitated."

That means that all during his life he will have two artificial legs and two artificial hands.

That means he will have to learn

## Don't Talk About Troubles; Correct Them Says Mother

When many folks get to feeling badly they just don't know what to do. They fret and stew around, tell their neighbors, their friends and their family how badly they feel—and they usually do feel miserable. But they don't help matters any by telling others how badly they feel all the time, because most folks don't want to be around them when they act that way. Now, for example, take Mrs. Zina Lee, Bowman, Route 6, Lees Ferry Road, Nashville, Tennessee. When she got to feeling badly, she began taking HADACOL and found that by taking HADACOL she gave her system Vitamins B1, B2, Nicotin and Iron in which she was deficient.

Here is Mrs. Bowman's own statement: "I was so weak I could hardly do my housework. I am 30 years old. I am the mother of 9 children. I was so nervous I hardly wanted the children to speak. I had to rest after I got breakfast and before I cleaned my house. I have taken almost 4 bottles of HADACOL, and I feel fine. The children can make all the noise they wish, and it doesn't bother me. In fact, I join them in their ball games and other games. We are a happy family, thanks to HADACOL."

## Plan For County S.S. Conference

Lawrence County Sabbath School Association has completed plans for its annual planning conference which will take place, Thursday evening, January 25 in the Highland United Presbyterian church.

Details of the conference were worked out at the monthly session of the executive officers conducted Thursday evening, in the Highland church, with L. Butler Hennon, county president, officiating. Representatives from the various county districts were present for the important session.

The theme of the conference which opens at 5 p.m., will be "Christ Needs You In Sunday School Work." Professor Robert R. Powell of the State Council from Harrisburg, will be the initial speaker, being heard at 5:40 p.m. The dinner is scheduled for 6:30 p.m.

Dr. W. Carl Bogard, pastor of the First Presbyterian church of Butler is scheduled to bring the main address of the evening, following the dinner meeting. Three separate conferences are planned between the dinner and the evening program. Child, young people and adult programs will be discussed by competent leaders in those fields. Ed. Book, high school vocal music director will lead the singing for the conference period. It is expected that a large group of city and county Sunday school workers will be on hand for the event which will be directed by Mr. Hennon.

for that matter any secretary of state—the inevitable prisoner of Congress and the loud clamor of opinion which is often opinion organized with a calculated purpose?

Acheson, a sensitive and intelligent man, resents the pressures put upon him even as he is forced to respond to them. That helps to explain his withdrawal. It helps to explain his denunciation of the American press as irresponsible when he talks candidly in private. It explains in part at least the tragic dualism of American foreign policy today.

## Try And Stop Me

By BENNETT CERF

Stanton Griffiths, ex-Ambassador to the Argentine, says that in the part of Maine he hails from, the natives are just born traders, and grow up "doin' what comes naturally" to them. For example, he tells of one farmer who spent the long winter fashioning wooden back-scratchers, and came to Boston in the spring with a wagonful to sell. He was laughed at for his pains. "Go back to your farm, you hick," laughed one trader. "Back-scratchers have been a drug on the market for 20 years."

That very afternoon, however, an Egyptian sahib, swathed in native raiment, came to the trader and said he was commissioned by his government to purchase a thousand back-scratchers. "Everybody is clamouring for them in Cairo," he explained.

"I'll have 'em for you tomorrow," promised the amazed trader. He dug up the Maine farmer, who fortunately had parked his wagon right across the street, and purchased his entire supply of back-scratchers for a very fair sum.

That evening, the farmer returned from the Arab outfit he had rented from a theatrical costumer, and drove contentedly back to Maine.

## Howard Klebe Gives Address

N.S.A. Chapter Hears About F.B.I.

Organizational set-up of the Federal Bureau of Investigation and the bureau's method of investigation, were explained in detail by Howard Klebe, local county detective and former member of the F.B.I.

Addressing the New Castle Chapter of the National Secretaries Association, Thursday evening, Mr. Klebe briefly covered the various fields of violations which come under the jurisdiction of the F.B.I. The monthly dinner-meeting of the Association was held at an inn on Croton avenue, and the session started with a sumptuous dinner at 6:30 o'clock.

Relating further, Mr. Klebe stated that only certain types of violations are investigated by the F.B.I. These include: bank robberies; kidnapping and extortion violations; in the minor offenses bracket, the violations are: stolen automobiles and thefts from interstate shipments.

Important work of the F.B.I. is also carried out in the atomic energy program, espionage violations and the federal loyalty program. The public at large is by now acquainted with the work the F.B.I. is doing to combat Communism. If Mr. Klebe pointed out, the federal law may apparently seem to work slowly against these people, it is only because our country does not want to violate any Democratic rights and principles. You will note, the county detective continued, that when a Communist is caught and trapped, he or she is the first to squeal and yell loud and long for their Constitutional Rights. The F.B.I. is fully equipped to combat any Communist activities in this country and their fight will continue as

long as the Communists are around.

Mr. Klebe explained that the F.B.I. has agents scattered throughout the fields, such as any other corporations do. Their field officers are comparable to branch offices. In closing, he cited actual cases investigated by the F.B.I. A round-table discussion was held and Mr. Klebe answered many questions asked by members.

Introducing Mr. Klebe, was Miss Virginia Jacobucci, chairman of the publicity program, who was in charge of last evening's arrangements. She was assisted by Mrs. Dorothy Lataw of the social committee, who arranged the tables for the evening and the decorations and place cards.

Miss Olive Webb, president, presided during the evening's meeting that followed. Various reports were given by the committee chairmen.

Announcement was made by Helen Keder of the Ways and Means committee that a gala party and protest is slated for April 6, in the green room of the Y.W.C.A. Novel ideas will be used to make this party a gay and unusual one.

Miss Lucille Emery, of the Education committee is in charge of the next meeting, on February 15. A round-table discussion of the book, "Private Secretary's Manual," will be held at this dinner meeting at an inn on Croton avenue.

## GIRL SCOUTS

**Girl Scout Troop 18**  
Girl Scout Troop No. 18 assembled Wednesday afternoon in Rose Avenue school. The meeting was under the leadership of Mrs. Ruth Forsyth, with Mrs. Frank Davis assisting.

The troop has completed work on Second Class rank and is now beginning First Class rank work. "Child Care" has been chosen as their first badge in this rank. There was a discussion of birth certificates and their importance, with examples being presented by the leader.

Officers, elected for six weeks, follow: president, Priscilla Reed; secretary, Joyce Zannoni; treasurer, Janice Gillett, and time-keeper, Loretta Zuchinski.

Further work on the "Child Care" badge will be continued next week, when stuffed toys will be made for small children.

**Brownie Troop 40**  
Brownies of Troop 40 met at the Croton school recently and enjoyed a period of games. Two patrols were chosen, with a president, treasurer, and various committees elected in each patrol. The girls made patches for a quilt and closed the meeting with taps.

**Girl Scout Troop 22**  
Girl Scout Troop No. 22 will as-

semble today at 7:30 p.m. in Glenmore school.

The group's last meeting was in the school January 11, when badge work was done. Later various games were played.

## Around Hollywood

By JAMES PADGITT  
(International News Service Staff Correspondent)

HOLLYWOOD, Jan. 19 — Patricia Neal thinks that sweaters ought to do as much for men as they do for women.

There is no reason, declares Hollywood's leading bachelor girl, why a sweater should not help increase sex appeal in the man who wears one, provided he wears one with some kind of chesty oomph in it.

The idea first struck the Warner Brothers actress when she was worrying over what to give her boy friends for Christmas.

"I decided that sweaters would make a dandy gift—until I went shopping and got a look at what most men's sweaters are like—shapeless, unimaginative and altogether uninteresting," declares Patricia.

**Gentlemen Satisfied**  
So she whipped up a couple of designs of her own, sent them along to a man who makes men's accessories, and he in turn had them knitted to the near design and specifications, with the result that Miss Neal's gentlemen friends are the season's best sweated males.

"It is silly for men to go around in sloppy-fitting, badly-designed sweaters. A man with a good chest ought to show it off in a well-designed sweater. Goodness knows, girls do," the actress insists.

Patricia claims that most men

are muscle-conscious and she is surprised that so many gents allow their shapes to be eclipsed in a baggy sweater.

She refused to name the gentlemen friends who received her own version of the masculine sweater, but she admitted that they appeared to be happy with their gifts.

"And," she says, "I feel sure that they are getting the same kind of lift that a girl gets when she wears a well-fitting sweater."

### THIS AND THAT

Short takes: Spencer Tracy has signed a new contract with Metro-Goldwyn-Mayer, continuing a relationship that began 15 years ago. During the coming year Tracy will appear in three pictures including the spectacle, "Plymouth Adventure." Shelley Winters gets another spiffy role in "The Yuma Story," slated to go before the cameras soon. . . . Douglas Fairbanks, Jr., and producer Sol Lesser have bought rights to Doug Senior's 22 old silent films, including "Robin Hood," "Thief of Bagdad," "Black Pirate," "Don Q," "Mark of Zorro" and "The Gaucho." Plan is to refurbish them with sound and commentary and release them to present day audiences.

Helen Hayes is due in Hollywood next Tuesday to discuss her first Hollywood picture in 15 years, "My Son, John." . . . Things are taking

on a gold tinge in Hollywood. In production are "The Golden Horde," "Gold Canyon," and "Golden Girl." . . . Betty Grable is now starring in her 40th film at 20th Century-Fox, "Meet Me After the Show."

## 229th FA Men Sent To School

Three more New Castle men of the 229th Field Artillery Battalion have been sent to service schools. M/Sgt. Harold Kuhn is attending a 10-week course of instruction in the Army Intelligence School at Fort Riley, Kansas.

Sgt. Clöff is attending a 16-week school in radar work at Fort Bliss, Texas.

Sgt. Hanna is attending a four-week course in the Army survey school at Fort Sill, Okla.

## Divine Healing Services Planned

Beginning Sunday evening at 7:30 o'clock a series of divine healing services will be conducted in the Valley Way Mission, West Pittsburg road. Curtis Hardy, a convert of the Osborne meetings, will be in charge. The fundamentals of divine healing will be taught and the sick and afflicted prayed for.

There is a cathedral built in the eighth century in a German town called Worms.

## THE FAMILY SCRAPBOOK

By DR. ERNEST G. OSBORNE

Whisk-broom Catch

Here's a game that will be fun at a children's party. In fact, even older folks may enjoy it.

Players are seated in a circle. One has a whisk broom. Inside the circle stands one player. Outside the circle is another. The players in the ring pass or toss the whisk broom to each other while the player in the center tries to intercept it. When he does, he tosses it to his confederate outside. The players in the ring try to prevent this, but they must not leave their seats in doing so.

When the two players succeed in capturing the whisk-broom from

the circle, the one in the center takes the place of the player who last had it before its capture. This person goes to the outside position and the one who has been outside comes inside the circle and the game goes on.

A sponge, a small bundle of rags or other appropriate household material may be used in place of the whisk-broom. (Copyright, 1951, United Features Syndicate, Inc. Trademark Reg. U. S. Pat. Off. All rights reserved.)

### POSTPONING WEDDING

Question: I was to have been married two months ago. My formal, engraved invitations had to be recalled because of my requiring a sudden appendectomy. Now that I am well and will soon marry, what shall I do about invitations?

Answer: Send printed cards reading: Mr. and Mrs. John Smith have great pleasure in announcing that the marriage of their daughter Mary

to Mr. Robert Jones postponed because of the illness of Miss Smith will take place on (day and date) in (name of church)

To those who will be invited to the reception add: There will be a reception at (name of place) at (time).

Question: (1) Who gives the

wedding dinner—the bride's or the groom's mother? (2) Where should the bride change her wedding gown to traveling clothes if she lives at the groom's house?

Answer: (1) The bride's family gives the reception and pays for everything connected with it. (2) The bride should change from her wedding gown to traveling clothes wherever the reception is being held. If it is given in a hotel she usually has her traveling bag with all her going-away clothes in it

brought to her hotel by a member of her family or a friend, unless she prefers to go back to her home and change after the reception.

### FALSE HAIR

NEW YORK (INS)—The man who styled the hairdos for the girls in the Broadway musical "Guys and Dolls," believes women

should wear false hair. 'Stylist Adler feels that it's sheer nonsense for a woman to be self-conscious about using false hair. He says: "Men wear toupees, so why shouldn't a woman rely on false hair if it will make her more attractive."

## Gen. Bradley To Head Group To Tell Of Draft

WASHINGTON, Jan. 19.—(INS)—The four men directly responsible for the nation's security tell Congress today the role of proposed 18-year-old draftees in the battle against Communist aggression.

Heading the impressive array of witnesses before the Senate Armed Services subcommittee is Gen. Omar N. Bradley, chairman of the joint chiefs of staff and as such the country's most important military officer.

Scheduled to appear with him are Gen. J. Lawton Collins, Army Chief of Staff; Gen. Hoyt S. Vandenberg, Air Force Chief; and Adm. Forrest P. Sherman, Chief of Naval Operations.

Collins and Vandenberg arrived home from a flying trip to the Korean War front late Thursday.

The four top officers will supplement the administration's case before the administration's case before the subcommittee said was bolstered considerably Thursday by Maj. Gen. Lewis B. Hershey, head of Selective Service.

## Uniformed Guards Bar Reporters

PITTSBURGH, Jan. 19.—(INS)—Uniformed Pinkerton guards last night barred reporters from a speech delivered by Maj. Gen. C. L. Bolte before some 650 Pittsburgh advertising men.

Subject of the army general's talks was "The Army's Role in American Security."

Gen. Bolte said his remarks had been cleared by the Defense department, but newsmen were barred apparently at his wish.

The general told one reporter, however, that his main point was: "Wars cannot be won without ground troops."

He was quoted as saying that he had nothing startling to say, "but I just don't want to be called on the carpet and explain what I said here when I get back to Washington."

Gen. Bolte, the new deputy chief of staff, plans for the joint chiefs of staff, served as commander of the Thirty-Fourth division in Italy during World War II.

## 'Reasonable Risk But Dangerous One'

CINCINNATI, O., Jan. 19.—(INS)—Former Belgian Premier Paul Henri Spaak last night described assignment of U. S. troops to Europe as a "reasonable risk but not a dangerous one."

He explained he does not believe Russia will attack western

Europe while American military power supports defense measures. The former Belgian official told the Cincinnati Council of World Affairs that Europe is ready to defend herself against Russia if necessary and said Britain is the only "stumbling block" to complete unity among the western allies.

## Ex-Legislators Would Be Barred From Congress Lobbying

WASHINGTON, Jan. 19.—(INS)—Legislation that would close the door to lobbying as a job for ex-legislators for two years after they leave Congress is being introduced by Sen. Hugh Butler (R) Neb.

Butler said his measure is designed principally to keep government agency officials and employees who would become "ten percenters" from taking jobs with private concerns or otherwise peddling influence and knowledge they have gained in the government.

However, Butler said the two-year wait will apply to members of Congress and their employees and that he considers that it would prevent acceptance of lobbying positions in which they would utilize their influence with their former branch of government.

He said: "In my opinion, members of Congress would have to wait two

years before taking such jobs if this bill becomes law."

The judiciary branch is exempted. Butler said it would be "impractical" to try to prohibit former district attorneys from practicing before the courts to which they were assigned.

## Officers Are Named By Pharmacists

Lawrence County Pharmaceutical association formally opened proceedings for the year by meeting at the Elk's home, 133 North Mill street, on Wednesday evening. Thirty-six county pharmacists were in attendance.

New Federal and State drug laws affecting pharmacy were discussed and local resolutions considered. Lawrence county's affiliation with the State Pharmaceutical association was also reaffirmed.

The newly elected officers for the period were: President, Charles Lumley; vice president, R. A. Constantine; secretary-treasurer, S. A. Kulik.

Shaffer and Snyder, local pharmacists, celebrated the occasion by observing their twenty-fifth anniversary in pharmacy. The meeting was climaxed by a buffet-supper.

## Sen. McCarthy Says Truman Is Man 'With Little Mind'

WAUKEGAN, Ill., Jan. 19.—(INS)—Sen. McCarthy (R) Wis., last night labeled President Truman "a man with a little mind and a great stubbornness" and a "puppet with Secretary of State Acheson pulling the strings."

McCarthy, speaking before the suburban Waukegan-North Chicago Chamber of Commerce, added that "the President is not disloyal and wants America to win the death struggle with communism." But he said:

"The U.S. must discard its wishful thinking and silly deception that it can decide whether it wants war. We are at war. Only Russia can stop it."

The Wisconsin senator accused the State department of blocking the use of 500,000 Chinese Nationalist troops and 1,000,000 Chinese guerrillas against communism in Asia "while we are drafting 18-year-olds and sending men with families back into service."

ROME—Old manuscripts on file show that the manufacture of writing ink had reached a high degree of perfection even in the middle ages.

**ENERGY WASTE**  
LONDON.—(INS)—A graduate studying biology at London university built a machine to measure a house fly's horsepower and discovered it produces less than one-millionth of a horsepower when it flaps its wings. The man who discovered this, John M. Smith, said the fly was a "most inefficient insect as it wasted between 98 to 99 per cent of its energy."

## Air National Guard In Pennsylvania Will Be Inducted

HARRISBURG, Jan. 19.—(INS)—All units of the 111th Composite Wing, Pennsylvania Air National Guard, today are scheduled for induction into Federal Service April 1.

Gov. John S. Fine announced the call-up and said the wing would retain its present base at Philadelphia's International Airport as a training station upon induction.

The wing, organized December, 1948, and commanded by Col. J. Bradley McManus, of Drexel Hill, is a light bombardment unit. The 693rd Signal Company at the airport was not included in the call.

## Plan New School In Mercer County

HARRISBURG, Jan. 19.—(INS)—Unofficial low bids totaling \$1,568,006 have been received by the State Public School Building Authority for construction of new schools in Mercer and Westmoreland counties.

A Junior-Senior High School will be built in the Mercer joint school district and an elementary school will be constructed in Unity township.

**BOY FATALLY HURT**  
CHAMBERSBURG, Pa., Jan. 19.—(INS)—A nine-year-old boy was fatally injured last night 15 miles west of Chambersburg on the Path Valley Road when he was struck by a baking company truck.

State Police said Richard Martin, of Richmond Furnace, died several hours later at Chambersburg hospital. The truck was driven by Robert Weist, of Chambersburg.

## Gen. MacArthur Refutes Charge

Says 'Blunder' Charge 'Is Belied By Record'

NEW YORK, Jan. 19.—(INS)—Gen. Douglas MacArthur says that in his opinion charges that he committed a "momentous blunder" in ordering the U. N. offensive in Korea last November 24 are "completely belied by the record."

The general's view was revealed last night by radio commentator Robert Montgomery on his American Broadcasting Company program. Montgomery read a strongly worded cable he received from MacArthur in reply to a query concerning an article by Homer Bigart in the current issue of "Look" magazine.

Bigart, War Correspondent of the New York Herald Tribune, termed the ill-starred offensive which was hurled back by the on-

slaught of overwhelming Chinese Communist forces a "momentous blunder."

MacArthur's cabled reply said in part:

**Irresponsible Propaganda**  
"Believe such charges are so completely belied by the record, that they will be fully recognized as but a phase of the irresponsible propaganda campaign against the command and fall wide of the intended mark."

"Throughout the Korean campaign, this same writer has repeatedly written off the army as lost and by his biased and inaccurate reporting held up to universal contempt the courage and fighting qualities of the gallant American soldier and the leadership of his officers."

Bigart, back in the United States on vacation, could not be reached. The New York Herald Tribune had no comment on the MacArthur reply.

## Propose Pay Raise To Men Who Have Served In Korea

WASHINGTON, Jan. 19.—(INS)—The defense department sent to congress today proposed legislation to grant combat pay of \$50 and \$100 a month, retroactive to last June 27, to men who have served in Korea.

The \$50 additional pay would be granted to enlisted men, and the \$100 to officers, who have served as many as six days in any

month "in opposition to hostile forces, including guerrillas." Men who have served since the start of the Korean war would be entitled to anywhere from \$300 to \$600 in back pay if they have met the combat regulations to be prescribed by the secretaries of the army, navy and air force.

The back pay would be granted to survivors of men killed in action "regardless of the number of days they had served in combat."

Marx Leva sent the proposed bill to house speaker Rayburn (D) Tex., and to chairmen of the house and senate armed services committees.

Army secretary Pace commented: "This proposal would do much to recognize the effort and sacrifice of the fighting ground soldier who actually comes to grips with the enemy."

Leva said that combat pay was made higher for officers in order to make it proportional to their regular pay.

The defense department estimated that the cost of the additional pay would be about one million dollars a month for each division in action. The U. S. now has seven divisions in Korea, including the marines.

No Raise Likely  
In County TaxesTo Hold Budget  
At Present Rate

No raise is likely in the tax levy for the county for 1951. County Commissioners and the county controller have about completed the budget, and figuring income upon the basis of 5½ mills for the general fund they believe this will be sufficient. The levy for the institutional fund is one mill, and with some trimming in budget estimates the commissioners believe they will be able to hold this rate.

The budget will be ready for approval some time next week. It will then be on public display for 20 days, after which it will be adopted.

One of the reasons for holding the tax levy is that the assessed valuation for the county shows an

increase of one million dollars for the year. Much of this comes from new construction.

### PROFIT IN SHEEP DEPENDS ON MANAGEMENT

Six steps, or practices, that will help owners of small farm sheep flocks to show a profit in 1951 are listed below. These are:

Use a good ram. Select those which are sturdy, thrifty, and heavy-boned. See that breeding ewes get plenty of exercise. Feed good legume hay liberally, and have plenty of fresh water available.

Control internal parasites by keeping in front of the flock at all times a 9-1 salt-phenothiazine mixture. Give breeding ewes one-half to one pound of grain per day. A 4-1-1 mixture by weight of oats, shelled corn, and protein supplement, respectively, is recommended.

Lately prices have been very favorable for the sheep man, whether he produced lambs, meat or wool, or both. Breeders are reporting a brisk demand for good ewes.

But, good management remains the key to a successful sheep program even during periods of favorable prices.

### READ LABELS WHEN BUYING MEN'S SOCKS

Buying socks for the men in the family often falls to the homemaker. Today socks are available not only in cotton or wool but also in rayon and nylon and in a combination of fibers.

Combinations include nylon and cotton, nylon and wool, rayon and cotton. Many socks are labeled "reinforced toe and heel of nylon." Orlon, a new fiber, will be used in men's socks this year. Before buying socks made of this fiber, know how to care for them. Read the label or ask the salesperson for information.

Socks come in ankle, medium, and regular lengths. Check the length the men prefer before buying. Some styles of socks have elastic tops which help to hold the socks in place and give a neat appearance.

Follow the same gentle care in washing socks of a combination of fibers as you do in washing all wool or all nylon. Use lukewarm water, either a mild soap or synthetic detergent, and squeeze socks through the suds until clean. Rubbing causes wool to mat and become harsh to the touch. Rinse socks several times in clear lukewarm water. Pull into shape and dry away from direct heat. It is advisable to wash dark-colored hose separately as the excess dye will wash out.

### PROPER LIGHTING

Color of a room has a lot to do with proper lighting. Dark colored ceilings and walls absorb most of the light and make the room darker, requiring more lights.

which in turn raises the electric bill.

### HOLD EGGS AT 40-50 DEGREES TEMPERATURE

Eggs will not freeze until the temperature goes below 29 degrees, but for best results they should be held at a temperature between 40 and 55 degrees. Best keeping conditions also demand that the storage humidity be about 75 per cent relative humidity.

If the eggs are held in a house cellar having a furnace, they are not likely to make the top grade. The furnace usually keeps the cellar too warm and too dry.

However, a small section of the cellar can be partitioned off with building board to make a satisfactory egg room. High humidity can be maintained in this room by hanging up wet bags or spilling water on the floor or wall.

A few empty cases should be stored in the egg room for several days in advance of the time they will be used for the eggs so that the cases will absorb moisture. If eggs are packed in very dry cases, the packing material and the case will absorb moisture from the eggs. The eggs then may have large air cells which are objectionable.

Pack eggs daily even though the holding conditions are considered satisfactory. Canning a few eggs 2 or 3 days old will determine whether the holding conditions are satisfactory. Large air cells, mottled condition of the shell, and considerable mobility of the yolk when the eggs are turned before the candle would indicate that the holding room was too warm and dry.

## Soviet Embassy Officials Get View Of Huge U.S. Bomber

LONDON, Jan. 19.—(INS)—A group of Soviet Embassy officials got a 1,500-foot "close-up" view today of one of America's brand new B-36 giant bombers, the craft capable of carrying atomic bombs 10,000 miles non-stop.

At least one of them thought the great bomber "beautiful."

The "inspection" took place when a B-36—one of six which flew to Britain Tuesday from the U. S. air base near Fort Worth, Tex.—circled London's Northolt Civil Airport on its way to the American Air Force Establishment at Ruislip, Middlesex.

One member of the Russian Embassy group, on hand to meet a plane coming in from Prague with government officials, was heard to exclaim:

"It's so beautiful! It's so big!" Londoners in the central and western sections of the city also had a good view of the monster craft as it flew over at an altitude of 1,500 feet.

## County Fair Meeting Set For January 24-26

READING, Pa., Jan. 19.—(INS)—The Pennsylvania State Association of County Fairs is scheduled to meet at Harrisburg January 24-26 to draft the 1951 blueprint for fairs and farm exhibitions in a four-state area.

Representatives of more than 108 fairs in Pennsylvania, Maryland, New Jersey and Delaware are scheduled to have delegates at the meetings, according to the association.

The annual meetings of the Central Fair Circuit and the U. S. Trotting Association's District Eight will be held in connection with the session.

The Central Fair Circuit, representing 13 sulky tracks in the four states, will award 1951 dates and elect officers. The district group will discuss administration.

Gov. John S. Fine has been invited by the association to address the fair representatives at a banquet January 25.

## Military Training Is Discussed By Babson

By ROGER W. BABSON  
WASHINGTON, D. C., Jan. 19.—I am not a military expert and cannot speak with authority as to what is to happen to our 18 to 22-year-old young men during the next few years. The plans and hopes of many homes, jobs and colleges are completely upset.

Let us not worry  
Let me, however, add a little hope to frightened families. Men who know what the probabilities are assure me that the future is not as bad as it now looks.

They insist that only a few more boys will be shipped to Asia. We will be willing to supply guns and munitions to enable the Japanese to protect Japan, to enable Nationalists to hold Formosa, and to give needed aid to the Philippines. But no more American boys will be sent to Korea, Indo-China, Burma, India or elsewhere in Asia.

Experts at Washington believe that World War III, if it comes, will be fought mainly by the navy and air force. They say it would be suicidal to depend upon numbers of infantry to meet the Russians, even in Europe. With the large number of communists who infest each European country, it may be best to limit our help to western Europe to supplying them with A-bombs. Therefore, I believe that mothers and boys are unnecessarily excited. Americans seem unable to strike a middle course. They either ignore danger and insist on "business, profits, wages and entertainment as usual" or else they become panic-stricken and go too far in the opposite direction.

Train For Useful Work  
I, therefore, strongly advise that parents and their youths avoid getting unduly excited. First, the chances are 3 to 2 that Russia will not risk a "hot war" for some time to come; and second, if only the present "cold war" continues, 2-500,000 young men in training would be a nuisance and handicap to all concerned. I, moreover, speak with some authority, having founded three colleges and graduated thousands of young men.

I further advise young men between 18 and 20 to quit listening to radio commentators who know no more as to the future than you my readers do. Go on about your plans for schooling or work the same as if no war is now probable. Then if you are called, it will be okay; while the chances are 50-50 that you won't be called. When you go to work, get a job with some industry which is essential to the war program; don't be content to jerk sodas or drive a truck.

World War III Will Need Brains  
The next few years offer a great opportunity for young men to become expert in some one line of work. Too many young people have been getting jobs without any carefully planned aims. The new defense efforts enable a young

man to take tests and ascertain for what he is best fitted and how to train therefor. If you live in a small town where there are no industries, have your mother teach you to cook. This is becoming a real profession. Drafted young men who can qualify as trained cooks are always given good opportunities for advancement.

The trouble with parents and youths today is that they visualize the next war—if it comes—will be like the last war. This is a great mistake. We cannot lick Russia by numbers. Korea proved this. It was our intelligence forces that let us down. We can win by brains. If World War III comes it will be a conflict of superior intelligence. Hence, yet our youth prepare to use their brains; while the poor Russians, Chinese and other peoples are treated as cannon fodder. If General MacArthur had given more attention to the intelligence of his army and less to old-fashioned fighting customs—things would be different. Our boys should be trained by young leaders in these new ways, rather than by out-dated old "brass" who cannot adopt modern methods.

Remember Our Religion  
Finally, let us parents not forget that God continues to rule in His Heaven and that, in the long run, the Russians can never win without Him. God is still our refuge and our strength if we will cease worrying and take each day as it comes. Let us give more time to reading our Bibles and less to television or even the radio. Perhaps, God is using the Russians to again bring us to our knees and to make our young people—who have had things pretty easy—"stop, look and listen." At any rate, I am an optimist and believe that whatever happens, those who do their best from day to day have nothing to fear.

## Methodist Advance Work Continues

Local Methodist Churches are engaged in praying, planning and preparing for the United Evangelistic Advance. The formal program will be conducted in every local Methodist church Feb. 4-11. A youth rally will be held in Oil City on Feb. 4, and the Victory mass meeting will take place in the Cathedral at 3 p.m., Feb. 11, when 3,000 Methodists from the Grove City district will be expected to attend.

More than 1,000 names of prospective new members are already in the hands of local Methodist ministers, with two weeks remaining in which the lists will grow considerably. Cottage prayer services and committee meetings are being held almost daily. Teams of home visitors are being chosen, plans for the training conferences are being made. A general campaign for church attendance is being waged. Visiting ministers from the Pittsburgh and West Virginia conferences will be in every church to assist the local Methodists in the Advance for Christ and His Church.

## U.N. Military Observers Concluding Korea Mission

By BERNARD KAPLAN  
(U. N. Staff Correspondent)

TOKYO, Jan. 19.—United Nations military observers are concluding their mission in Korea and soon will return to their respective homelands.

Of the six officers who observed for the U. N. six weeks ago at the battlefield, three already have left the theater and two others are scheduled to leave Japan this week. The sixth, Canadian Wing Commander Harry Malkin, still is in Korea but is expected to leave shortly.

Col. Frank White, another Canadian observer now in Japan, said he did not expect to make a complete report to the United Nations Korean Commission for "some time."

The U. N. observers expressed disappointment with the outcome of their task.

Col. Luis Castellon, an El Salvadorian who has been with the U. N. forces since the days of the old Pusan perimeter, explained.

"Most of the reports my colleagues and I have submitted have of necessity been mostly concerned with matters other than the strict military. We have dealt with such things as the North Korean atrocities, the treatment of prisoners of war and the civilian food problem."

Castellon said that in view of this there was little reason for the U. N. military observers to continue their work in Korea.

## Urges U.S. Forces Remain In Korea

ATLANTA, Jan. 19.—(INS)—American Legion National Commander Erle Coker, Jr., urged last night that U. S. forces remain in Korea "to tie up more than one-million Chinese Communists."

Coker told an Atlanta audience the fighting in Korea should be viewed as a means of "keeping it away from our own front door."

Ne-Ca-Hi Y-Teens held a business meeting recently at the Senior High school with Sally Mikes re-citing a devotional poem. Judy Smith gave the minutes and Joan Chris, chairman of Ways and Means committee, reported on the Christmas card sale.

Nancy Lewis reported on the Inner club council. Sherry Plonka, president, lead a business discussion. Plans for a spring dance were discussed and the girls voted to have a Y-Teen newspaper.

Dr. Jane Morris, speaker, gave an interesting talk. Her subject was "Boy-Girl Relations." Afterwards an informal discussion was held. A membership drive is open and persons may join the Y-Teens until January 31. Judy Scott, treasurer, will receive the dues. It was

announced that an excellent program has been planned for the next semester.

## First Grass Fire Of Season Occurs

With the snow barely off the ground from the several snows experienced during the severe early winter, one would hardly think that grass could get dry enough to burn, but Fire Chief H. F. Fourth ward firemen went to the scene and put the fire out.

## New Transport To Be Christened Today

CAMDEN, N. J., Jan. 19.—(INS)—The transport USS Upshur will slide down the ways of the New York Shipbuilding Corp. in Camden today as the last of three troop ships ordered by the Defense Department for the armed forces.

Mrs. Charles Sawyer, wife of the Secretary of Commerce, will christen the vessel in honor of the late Marine Corps hero, Maj. Gen. William P. Upshur.

Secretary Sawyer and Navy Secretary Francis P. Matthews will lead a delegation of ranking military officials from Washington in the ceremonies.

## Pleads Guilty To Police Charge

Vincent DeLillo, Maitland street, pleaded guilty when arranged before Alderman J. C. Brice, Thursday, to forging one doctor's name to a prescription for narcotics. However, he denied forging the name of another physician, and also declared his innocence of stealing prescription blanks from a pharmacy. He said he took the blanks to use as "scratch paper."

On the first charge, he was held in \$1,500 bail for court and will receive hearings on the latter two charges. City police made the charges.

## MORE CONTROLS

WASHINGTON, Jan. 19.—(INS)—The government Thursday clamped controls on the manufacture of leather work gloves, baseballs and leather jackets as assure full production of gloves for combat troops.

Effective immediately, producers were ordered to reserve for the armed forces their entire supply of horsehide fronts and deer-skins meeting federal specifications.

The action was taken by the National Production Authority to meet "greatly increased military demands."

# New Penalties Proposed For Sex Offenders

By ED HAUCK

(U. S. Staff Correspondent)  
HARRISBURG, Jan. 19. — A legislative committee's report forecasting the proposal of \$20,000 fines and stiff jail terms for sex offenders is before the General Assembly.

The stiff penalties, along with the recommendation for immediate establishment of a classification center and a synopsis of sex offense laws in other states, were drafted by a joint state government commission sub-committee headed by Rep. Adam T. Bower (R) Northumberland.

**Action Authorized**  
The sub-committee pointed out that the classification center was authorized by the assembly five years ago along with "reorganization of institutional facilities for the purpose of segregating sex offenders."

The Pennsylvania Industrial School for Boys near Harrisburg has been mentioned as the site for the proposed center.

Every person sentenced to a state institution, except those condemned to death or committed as defective delinquents would be sent to the center. They would be diagnosed by a psychiatrist, classified and transferred to the proper institution either to serve a sentence or for custody as a defective delinquent.

Last April, Welfare Secretary William C. Brown advised the JSGC "that before long" the classification center would be established.

**Increase Penalties**  
The sub-committee pointed out that a proposed crime act which will be submitted to the legislature "increases penalties for sex crimes in a uniform manner."

Under this act "fines are increased to a maximum of \$20,000 and prison terms, aside from those for offenses which carry life imprisonment or death penalty, range to a maximum of 20 years."

In all cases, either a fine or prison term, or both may be imposed.

In addition, the act provides for penalties not included in the present penal code.

For example, indecent assault and contributing to the delinquency of a minor are branded as criminal acts and in either case a maximum penalty of \$3,000 or a prison term of three years is provided.

The sub-committee noted that Pennsylvania laws provide for confinement and treatment of sex deviates only if they have been charged with or found guilty of crime.

"None of the statutes contemplate the confinement and compulsory treatment of sex deviates on the theory that they at some future date may commit a sex crime or a sex-motivated crime," the committee reported.

As for the present sex-crime rate in Pennsylvania, the committee reported "the conviction rate for all sex crimes combined per 100,000 population has decreased from 20.2 in 1939 to 17 in 1949."

## Bond Sales Rise In December 1950

U. S. Treasury bond sales rose in December 1950, both in Lawrence County and throughout the state. In Lawrence County a total of \$231,248.25 in bond sales was reported by the state division of the bond sales. This included E. F., and G bonds.

The sale of E bonds totaled \$204,208.25. The F bond total was \$6,142 and the G bond total \$20,900. In the state the total of E, F and G bonds sold amounted to \$38,559,179.25.

## MISSING BOY IS FOUND DEAD

(Continued from Page One)

his truck was found abandoned in Chicago.

Aroused citizens of Crete, a community of 1,700, and surrounding towns joined in the search for the sedan which husky, 17-year-old Kenneth Scholz said was driven by whoever dumped the body.

Scholz said he saw the car stop, a back door open and "someone put a long, thin package and some other things beside the road. After I heard the voice say 'so long, kid' a spotlight was flashed into my face."

The youth said he could not see the occupant or occupants of the car because he was blinded by the lights.

Will county sheriff Ernest Overby said young Scholz will be questioned again today because "there are several discrepancies in his story."

## Cars Damaged On Wilmington Road

Some damage was caused to the autos of Richard E. Clark, 29, New Wilmington, R. D. 1, and Harry Kaufman, 26, New Wilmington, R. D. 1, in a collision Thursday, seven miles from this city on the New

Castle-New Wilmington road. Neither operator was injured.

According to the State police inquiry, Kaufman was driving north and Clark was operating south.

Kaufman was making a left turn into a private driveway when Clark overtook a car, and was unable to stop on the wet pavement before his car struck Kaufman's auto, the police reported.

## SHAKE-UP IN ESA IS HINTED

Eric Johnston

Michael V. DiSalle

Alan Valentine

THERE ARE RUMORS in Washington that Defense Mobilizer Charles E. Wilson, next in authority to President Truman on home front defense measures, is fed up with the delay in the price-wage controls program and is ready to take drastic action. It is reported that Eric Johnston, president of the Motion Picture association, may be named to replace Alan Valentine as head of the Economic Stabilization agency. Valentine, who favors a "go slow" policy, is at odds with Price Administrator Michael V. DiSalle's immediate freeze pleas. (International)

Buick Introduces  
Series For 1951

Castle Buick Company, 101 South Mercer street, will be one of the many hundreds of dealers who will unveil the new 1951 Buick on Saturday in their showrooms. The presentation is highlighted by an improved Special with a new body and new engine.

The new line contains three series of cars, ranging from the low priced Special up through the Super to luxury models in the Roadmaster. Important advances in styling features, coupled with major chassis and body improvements combine to make the Buick a great value.

The '51 Special is completely new throughout, with a new body, a new chassis and is powered with the F-263 fireball engine introduced in the Super last year. Rear fenders are integral with the rear quarter panel, eliminating the

fender line caused by welts. The Special comes in both standard and deluxe trim.

Many important changes have been made in the Roadmaster, in the luxury class. A chrome rocker panel molding extends all the way along the bottom from the front fender to the gravel shield, adding to the exterior beauty and offers

better protection from stones and dirt. New and more powerful brakes, developed from those used in tanks during the war are featured on the Roadmaster.

Most significant change in appearance in the entire line is the bumper-grille combination which proved so popular in the 1950 Buick. The bumper is the wrap

around type, composed of a stamp de steel bar reinforced by two larger bumper "bombs" and two extra grille guards.

BALTIMORE — Blood temperatures may be taken by a thermometer so small it may be pushed through a hollow needle which is inserted into a vein.

## New Policy Is Established By U.S. Army Chief

By DARRELL GARWOOD  
(U. S. Staff Correspondent)

WASHINGTON, Jan. 19.—Army Chief of Staff J. Lawton Collins started a new policy today by recalling from Korea two top generals to teach U. S. fighting men the latest developments in the science of war.

The officers are Maj. Gen. John H. Church, 58, commander of the 24th Division, who will command the Infantry School at Fort Benning, Ga., and Maj. Gen. David G. Barr, 55, commander of the 7th Division, who will be head of the Armored School at Fort Knox, Ky.

**More Realistic Teaching**

Military observers said the move would do much to make teaching at U. S. schools for officers and men more realistic and up to date, eliminating much of the routine that answers all questions "by the book."

Collins revealed his plan late Wednesday when he returned to Washington with Gen. Hoyt S. Vandenberg, air force chief of staff, after nearly a week's inspection tour of the Far East.

The army chief said the purpose of the shift is to give younger men a chance to command in Korea, and at the same time to give army training and instruction at home the advantage of the lessons learned in Korea. He did not indicate who will replace Church and Barr.

The two shifts would be the second and third to change division commanders in recent weeks. Maj. Gen. Robert B. McClure having been relieved as commander

of the Second Division when it was fighting below Wonju.

But Collins was tight-lipped on the subject of McClure. He said McClure does not yet have a new assignment, and would not say the Second Division commander's removal had anything to do with his new policy.

## Woman Passes Out One Dollar Bills

NEW YORK, Jan. 19.—(INS)—A "mystery woman" who has been passing out dollar bills in the fashion multi-millionaire John D. Rockefeller used to hand out dimes was identified today as his granddaughter.

She is Mrs. Muriel McCormick Hubbard, 49, of Lone Tree Farms, Middletown, Conn., who was surprised that reporters found out about her actions.

The granddaughter of John D. Rockefeller on the maternal side, who is also a descendant on the paternal side of Cyrus McCormick, multi-millionaire Chicago industrialist, explained that she gave several hundred dollars to navy recruits as "a belated Christmas gift."

## Report Soviet Leaders Have Gone To Peiping

LONDON, Jan. 19.—(INS)—Soviet deputy premier Georgi Malenkov and Marshal Rodion Malinovsky, Russian commander-in-chief in the far east, were reported by the London Daily Graphic to have flown together to Peiping.

The newspaper's "inside information" column said that the Russians will confer with Chinese communist leader Mao Tse-tung and other Asian communist leaders on an anti-western spring program.

The Maori warriors used to tattoo their faces to disguise any expression of fear.

## More Draftees Are Summoned In State During February

HARRISBURG, Jan. 19.—(INS)—State selective service headquarters today summoned 1331 draft registrants for induction early in February as the vanguard of a state quota of 5433 for the month.

Another 9891 were ordered to report for pre-induction physical examinations during February for possible March induction.

The induction schedule by stations includes 101 draftees at Altoona and 198 at Harrisburg February 1; 105 at Erie and 403 at Philadelphia February 6; 398 at Pittsburgh and 128 at Wilkes-Barre February 7.

Pre-induction calls by stations include 667 at Altoona, 592 at Erie; 1514 at Harrisburg; 3286 at Philadelphia; 2866 at Pittsburgh and 966 at Wilkes-Barre.

## Play Last For Just Two Performances

NEW YORK, Jan. 19.—(INS)—"Four Twelves Are 48," which opened on Broadway Wednesday night starring Ernest Truex, set a theatrical season record for short runs when it closed last night after two performances.

The play was woven around the theme of four Indian girls who started having babies at the age of 12, and of a matriarch who was a great-grandmother at the age of 48. It was intended to be funny. Some critics thought it was, but most didn't.

In announcing the closing, the producers quipped: "As of tonight (Thursday) we are through with the multiplication tables and are taking up differential calculus."

## RATIFY AGREEMENT

ALTOONA, Pa., Jan. 19.—(INS)—The Central Pennsylvania Coal Producers Association today had ratified the agreement with the United Mine Workers granting the diggers a \$1.60 daily pay increase.

The group represents mine owners in Pennsylvania east from Altoona to the New York state line, in Maryland in two counties of West Virginia.

Some 35 of the 125 members producers with an annual production of some 50 million tons, attended the meeting in Altoona yesterday.

**PROBE THEFT REPORT**  
MIAMI, Jan. 19.—(INS)—Miami police today investigated the report of a New York jewelry salesman who said he had been held up by two gunmen and robbed of \$20,000 worth of jewels.

Abe Rolnick, a salesman for Leif Brothers of New York City, said he was accosted Thursday by the men who forced his car to the curb. Rolnick said one man drew a gun and forced him to drive to a deserted spot, where he was robbed.

QUIET, EFFORTLESS OPERATION  
The action of "Over-the-Top" equipped doors is so nearly automatic that it is only necessary to release the lock... the door immediately moves upward in a smooth arc, coming to rest in a horizontal position... completely protected from the rain and snow.

LASTING SATISFACTION GUARANTEED

These features tell the story: (1) Hangers have roller bearings for easy operation, fiber wheels for quietness. Can't be derailed. (2) Power springs are over-size. (3) Channel iron arms transmit spring power through a smooth arc. (4) Automatic brake stops door at full open or closed position. (5) Steel weather strip keeps weather out. Simplifies and speeds installation.

## Youth Is Held For Assault On Girl

ERIE, Pa., Jan. 19.—(INS)—Erie police today jailed 16-year-old Felix Prawdick and charged him with the criminal assault of a nine-year-old girl in a church choir loft.

Police said the fiendish attack occurred last January 3 when the victim and three girl companions entered the eastside district church to pray.

Officers quoted Prawdick as admitting he cupped his hand over the girl's mouth to prevent any outcry, as she was leaving, and then carried her to the loft. Police added that Prawdick threatened to kill her if she screamed.

## Fruit Growers Elect Arnold

### Little Beaver Man Heads Association

At the annual meeting of the Lawrence County Fruit Growers association held in the Y. M. C. A. on Thursday, A. F. Arnold of Little Beaver township was elected president for the coming year, succeeding Clarence McCormick of Scott township. Carl Baldwin of Scott township was named secretary.

The meeting opened with a discussion at the morning session of economic conditions as they affect the fruit grower, by L. C. Dayton, county agent. This was followed by a panel discussion on how growers can get a better set of fruit, which was participated in by several of the leading growers of the county.

J. U. Reuf, extension fruit specialist, stressed the importance of soil fertility in producing a better quality of fruit.

Insect and pest control was discussed at some length during the afternoon session by Lloyd Adams and A. H. Bauer, extension specialists from Penn State college.

The growers discussed the development of additional outlets for their crop, which is not yet available in this section, as some of the growers reported a considerable stock yet on hand in their storage houses.

Mr. Reuf concluded the day's program with a talk in which he impressed the individual grower with the fact that he himself holds the key to much of his success.

## Motorcycle Rider Injured In Skid

William Cooper, aged 30 years, of 327 North Jefferson street, suffered multiple lacerations and abrasions of the head, face and scalp, when a motorcycle he was riding on Route 108, skidded on an icy spot on the highway and threw him off. Thursday afternoon.

Mr. Cooper was admitted to the Jameson Memorial hospital for treatment at 4:10 p.m.

## To Exemplify First Degree At K. Of C.

On Sunday, Jan. 21, the New Castle council of the Knights of Columbus, No. 512, will exemplify a first degree to a class of candidates. It will take place in the Eagles' lodge room, South Jefferson street, on the third floor.

This is the first exemplification of the degree in a long time. Members are to attend, keeping this fact in mind. A large crowd is expected to attend and to lend a hand to the new degree team and candidates, who want to get off on a good start.

District Deputy Albert Kutt of Sharon, along with other officers and members of neighboring councils, will be present, the local grand knight, S. L. Dambrosia, stated.

There will be refreshments and a lunch served after the exemplification to candidates and members.

The next regular council meeting will be Wednesday, Jan. 24, at 8:30 o'clock in the club rooms, 29 North Jefferson street.

**EARTHQUAKE SHOCK**  
NEW YORK, Jan. 18.—(INS)—Fordham university announced today that its seismograph picked up a "fairly severe" earthquake that occurred yesterday 4,500 miles from New York in an undetermined direction. The first shock was recorded at 4:24:37 p. m. EST, and the second at 4:35:26 p. m.

## Rubber Company Man Heard Here By Purchasers

V. R. Lantz, director of purchases for the Sun Rubber company, of Barbours, O., discussed the theory and practice of purchasing at the monthly meeting of the Purchasing Agents Association of New Castle, at their dinner meeting, in The Castleton, Wednesday evening.

Mr. Lantz gave the local members many new ideas which will be of benefit in their profession.

An educational film on the manufacture of paper was also shown during the evening.

Two new members were received into the association. They are: Robert Diet, of the Castle Rubber company, of Butler; and George Dunlop, of the Shenango Pottery company.

## Fraternal Group Elects Officers

Officers were named Thursday night by the Lawrence county unit of the Pennsylvania Federation of Fraternal and Social Units. The annual meeting was held in the rooms of the Loyal Order of Moose.

The officers follow: president, R. J. Herman, Eintracht Singing society; first vice president, Clark Buell, Elks; second vice president, Joseph Panella, Sons of Italy; secretary and treasurer, E. L. Rainey, Elks; trustees, Harry Buckley, Eagles; Ralph Kitchen, G. N. U.; Steve Gonda, Slovak club; delegates to the convention, E. L. Rainey and Ralph Kitchen.

**JACKIE COOGAN ARRESTED**  
BEVERLY HILLS, Cal., Jan. 19.—(INS)—Jackie Coogan, one time famous child film star, was arrested in Beverly Hills early today on a drunk driving charge.

Police said Coogan, now 36, backed his foreign-made auto into a parked car registered to Mrs. Diana Isaacs of West Los Angeles.

## BAD JOKE

SILVERTON, Ore. — (INS) — A justice of the peace did not get the point of a joke pulled recently by a Silverton woman who scattered tacks on a city street and chuckled as motorists suffered more than a

score of flat tires. Mrs. Virginia Meithke was fined \$100 and given a 30-day suspended sentence after she admitted scattering the tacks on a "dare." She said she had been drinking some beer and "felt pretty high."

The Great Smoky mountains in North Carolina have 200,000 acres in virgin timber.

**BUT HE WAS RATTLED**  
FORT WORTH, Tex. - Nomination for the snake story of the year goes to W. D. Smith, a photographer. Driving down the road on a trip from Fort Worth, he saw a big rattler crawling over the radiator cap upon the hood of his car. Smith recalled later that he had run over the snake crawling across the road a few miles back. By some freak, the snake had been flipped unhurt onto the car frame.

# In The Open

The rain came with the day-break. Dripping suddenly out of a thick gray overcast, the downpour beat a steady rooftop tattoo until well past the noon hour. The inch or so of wet snow which still swathed the bottomlands soaked up the added moisture and floated a soft white haze through the valleys. Not even the tiniest breath of a breeze came by to lighten the gloom picture of a miserable January day at its dismal worst.

I pulled on an old slicker as added protection and headed out doors at noon to explore the steamy thickets behind the house. Negotiation of the two fence lines brought me to the tall sycamore grove which presides over the destinies of the wide valley stream. The creek was really working, freighting a full load of fine topsoil far out to the distant silting beds on the way to the sea.

**Brown Tide 'Boiled'**  
On the shallow rips the rain fell into the fast water with a rhythmic hissing sound. In the wide eddies below the rips the brown tide "boiled" as the big drops churned the surface. The stream was rising and on the prowl, and had long since sliced off all the rim ice laid down by a series of sub-freezing midnights.

I wandered about through the soggy thickets, noting the somber beauty of dripping twigs suddenly bejeweled with countless clinging crystal drops. A bedraggled poke-weed added to the mood of the gloomy day by slapping me coldly in the face with its tattered, water-logged leaves. The trees wore a resigned look, as though hunched against the weather.

**Rabbit Weathered Season**  
The rabbit colony in this area has apparently weathered the hunting season quite successfully. Cotton-tail tracks were everywhere, indicating that the big-eared gentry were using the groundhog dens of the neighborhood for winter quarters. So long as they don't disturb the landlord's sleep they are probably welcome to go and come as they chose.

One fat bunny tore out of his dozing "form" in a grape tangle, stopped for a nervous moment in

## Women Of Moose Have Child Care Chapter Night

In honor of new candidates, Child Care Chapter night was featured at the meeting of the Women of the Moose, chapter No. 8, Wednesday evening at the Moose home.

Senior regent Mrs. Huldah Doerr and her staff of officers were in charge and brought the motto "Faith, Hope and Charity" to the organization. Officers participating were past graduate regent Mrs. Orpha McConnell junior regent Mrs. Fae Pitzer and chaplain Mrs. Mildred Cartwright. Mrs. Clara Hawk played the piano for the initiatory work.

The chapter night was under the supervision of chairlady Mrs. Pearl Cook and her committee, which consisted of Mrs. Katherine Barnes, Mrs. Gladys Berry, Mrs. Mary Haering, Mrs. McNicholas, Mrs. Anna Kelly, Mrs. Mina Rogers, Mrs. Fae Pitzer and Mrs. Clara Grimes.

During the business meeting a check was sent to the polo fund. A report of a successful project was given by chairladies Mrs. Ruth Seegar and Mrs. Hazel Shoaf. Preceding the initiation, an ex-

ecutive meeting of the officers was held, presided over by the senior regent. Women of the Moose will attend the mid-winter conference at Sharon Sunday, Jan. 28, with reservations to be in charge of recorder Mrs. Josephine Trumble. After the next regular meeting on February 7, the chairladies will assemble, at which time monthly reports will be given.

## County Committee Of Legion To Meet

## New 1951 Dodge To Be Displayed In City Saturday

J. R. Rick Motor company, 470 East Washington street, will feature the striking new Dodge for 1951 in their showrooms on Saturday, it has been announced. The new Dodge, stunning in appearance, contains many talked about improvements, which have become a reality.

Demonstrations will be given of what is known as the remarkable "oriflow" ride. It is a major advance engineering which provides a better ride on any road ever known before. Further improvements in driver vision, new body lines in the forward part of the car, modernized interior styling, a glare protected instrument panel and a more efficient engine cooling system are among the major improvements of the 1951 Dodge.

Gyro-matic transmission will be available on all models except the Wayfarer Sportabout. A striking change in interior appearance of the new Dodge is in the front. Narrowed corner posts of the body improve driving vision. Other new mechanical improvements include

more convenient cane type parking brake lever, new internal expanding parking brake, more effective use of rubber insulation in both body and chassis and increased generator capacity and electric windshield wipers on all models. # HERE'S THE NEW '51 DODGE

## New Inside...New Outside with a Completely New Kind of Ride

### NEW in more ways than cars costing up to \$1,000 more

### AT A SECRET PREVIEW THESE FAMOUS AMERICANS SAID:

**TED WILLIAMS**—"When I first saw this new 1951 car, its smart good looks and its new engineering advances made me put it in the expensive car class," says Ted Williams, baseball's great left-handed slugger.

**BETTY HUTTON**—"It's so big, so roomy and with greater visibility for every passenger," says Betty Hutton, famous for her own exuberant way of putting over a song. "And so luxuriously appointed, inside and out!"

**DALE CARNEGIE**—"I think I know what influences people, and this new car will do it," says famous author of "How to Win Friends and Influence People" and "How to Stop Worrying and Start Living."

**JOHN E. POWERS**—"I could hardly believe a car offering so much in the way of smart lines, economy and ruggedness could sell at so low a price," says discoverer of countless cover girls and top-flight fashion models.

**DOROTHY LAMOUR**—"Here's fresh youthful styling that's bound to set a fashion trend," says famous screen star noted for her keen appreciation of beauty. "So sleek, so good-looking outside, so smartly styled inside."

**LEON HART**—"This car is bound to score big!" says Leon Hart, famous All-American football star. "It has the extra room a fellow my size needs. I can ride without feeling crowded. Here's smart engineering, good looks!"

• Soon to be seen in Cecil B. DeMille's "THE GREATEST SHOW ON EARTH," a Paramount Release, Color by Technicolor

### Now YOU can see it! The new 1951 car that thrilled hundreds in secret previews coast-to-coast! Yes, famous Americans and people in all walks of life—engineers, stylists, architects, mechanics—were excited by its stunning new beauty and host of engineering improvements... were amazed that any car offering so much sells for so little!

#### Now Watchtower Visibility!

# First Place At Stake Tonight As Wampum And Bessemer Clash

## Section 23 Interest Will Center On Court Of Cement City Five

Bessemer will be the scene of one of section 23's top basketball attractions of the 1951 season tonight, when the Cementers take on the Wampum Indians in a battle for undisputed possession of first place.

In other games on tonight's card Shenango is at New Wilmington and East Brook is at Mt. Jackson. The Bessemer-Wampum contest matches two undefeated teams in section play. Both teams have rung up four consecutive league victories without a loss.

Wampum, the pre-season favorite to cop the league crown, has done all that was expected of it, but now must get by the surprising Cementers, who have come from seemingly out of nowhere to challenge the defending champs.

### Must Match Craine

One of the big jobs that face the Cementers tonight is to match Wampum's Caesar Craine under the bankboards. Caesar has controlled the boards for Butler-Henry's team in all previous league action and has been an important factor in the impressive wins the Indians have racked up.

Jim Novalesi and John McMillin have also played well around the hoops for the Indians and will have to be reckoned with. To combat these players, Bessemer has "Mooney" Schaville, who though not very tall can get pretty well off the floor, and center Phil DeArment, with help from Angelo Pezzuolo, Jim Gagliano and Eddie Novad.

Any member of either team can score with Craine and Gagliano leading their respective teams. Wampum has greater reserve

### Strength With A Second Team Not Much Inferior To The First

#### Battle For Survival

New Wilmington and Shenango will battle for survival in the league race at the Community House floor in New Wilmington. The Greyhounds will have to play better ball than they did at East Brook Tuesday if they can hope to get past Shenango's ever dangerous Wildcats.

Mt. Jackson fans will get the chance to see if the Mounties' showing last Tuesday at Wampum was just a flash in the pan or if the team has found itself. When Mt. Jackson entertains East Brook.

East Brook, like New Wilmington, was a little rough around the edges Tuesday night, while Mt. Jackson played its best game of the season against Wampum.

## Universals Outrun Steel City; Win Number 15, 73-54

Universal Pottery, Wednesday night, made Steel City Chevrolet of Youngstown, their 15th victim, when they cornered the Youngstown team 73-54, at the Boardman high school floor.

Coach Nickie Genkoff used two platoons with considerable success, as eight of ten men broke into the scoring column.

Business manager Alex Orlando has announced that two benefit games have been scheduled. On February 1, Universal will play in Akron, the feature game of a polo benefit program, and the following night, the United Engineering at George Washington Junior high school.

This Saturday, Jan. 20, the Pottery travel to Butler for a game at Deshon hospital, for the entertainment of the veterans there. The Butler all stars will furnish the opposition, and game time is 7 o'clock.

## Baltimore Colts Quit Pro League

CHICAGO, Jan. 19.—(INS)—The Baltimore Colts withdrew today from the National Football League, reducing the league to 12 teams.

Abe Watner, president of the Colts, told the owners and coaching delegates at the league's annual meeting in Chicago that he is disbanding the team because of inability to obtain players good enough to win four or five games in a season.

Watner said he lost \$106,000 last season when the Colts won only one out of 12 games.

### Sensational Mile

#### Feature Tonight

PHILADELPHIA, Jan. 19.—(INS)—Three of the world's brightest mile-runners stars—Don Gehrman, Fred Wilt, and Ingvar Bengtsson—will chase one another to possible new records tonight in the wing-dong feature of the seventh annual Philadelphia Inquirer invitation track meet.

Seldom if ever since the war has such sheer class been assembled for the mile, and the 12,000 fans at Philadelphia's Convention Hall tonight are going to see themselves a race.

RECREATION LEAGUE Strizzi team of the Junior Recreation league won its 14th straight game Wednesday night, when it defeated the Wolves, 45-0.

### QUESTIONS

1—In what year did Babe Ruth set the record of 60 home runs for a season?

2—Give the last names of these noted baseball players—Lamar, Atwell, Travis, Calvin, Stephen, Francis, Zachary Davis.

3—What player led a professional football league in scoring, yet did not make a touchdowns all season?

NOOHEE?

THEY called me the Earl of Snohomish because I was born in that Washington town. I joined the Cleveland Indians in 1929, played many years for the Tribe in the outfield. I'm still proud of my batting average as an Indian. What is my name?

ANSWERS

1—1927. Babe Ruth.

2—Lamar, Atwell, Travis, Calvin, Stephen, Francis, Zachary Davis.

3—Noohee.

## Pro Basketball President Thinks 'Fixes' No Threat

PHILADELPHIA, Jan. 19.—(INS)—Maurice Podoloff, National Basketball Association president, declared today that "fixes" are no threat to the pro game.

Podoloff said pro basketballers are "well paid" and that the players realize the play-for-pay game "offers careers as it never did before."

"We can only pray," Podoloff asserted, "that it (fixing) does not hit our game."

Commenting on the college basketball scandal involving the reported bribe attempt on Junius Kellogg, Manhattan's star center, Podoloff said:

"This horrible thing in New York involving two former Manhattan players is a good deal like cancer. The only thing we, who live for the game, can do is to be unceasingly vigilant."

"The two former Manhattan players (Poppe and Byrnes, co-captains of Manhattan's 1949 quintet) are both married. I can easily see where the economic pressure was so great that these boys weakened."

## Farrell And Aliquippa Tangle Tonight For Possession Of Top Rung In Section

Farrell (12-1) and Aliquippa (13-0), each undefeated in league play with four wins, will come together tonight at Farrell in order to establish, at least temporarily, possession of first place in section 3.

Only Johnstown Central Catholic has managed to stop the Farrell team this season, edging the Steelers 34-31, in the finals of the Johnstown Memorial Tournament. Westinghouse of Pittsburgh, ran Farrell right down to the wire before losing a one-point decision at the Steeler gym, but the McCluskeymen were then without the full services of the brilliant Julius McCoy.

No other team has come close to winning from last year's section 3 winners.

Aliquippa Pressed

Aliquippa, to date unbeaten, has been pressed hard several times. Ford City and Sharon, both came within two points of the confident Quips, and Ellwood City forced the valley leaders in to an overtime game.

The main problem confronting Sam Milanovich's team, is finding some way to stop McCoy, who has tallied 103 of his team's 230 league points.

Farrell will find in Aliquippa, a team that excels in rebound play, which has through the season al-

lowed them more field goal attempts than their opponents. Both teams use man-to-man defenses, and are so close to the same size that there will be no difference regarding board play.

Beaver Falls plays at Ambridge and Sharon at Ellwood; New Castle is idle.

## Titans Face Once-Beaten St. Bonaventure Saturday

Westminster's Titans will tangle with once-beaten St. Bonaventure Saturday night in the feature attraction at Buffalo's Memorial auditorium.

Both the Titans and the Bonnies will be out to win their 11th game of the season. The Westminster quintet which has lost only two contests this season is expected to enter the game as a slight underdog.

Coach Ed Milkovich's Bonnies were undefeated until Wednesday night when they were handed their defeat of the season by a strong Niagara quintet. The Bonnies were playing without the services of one of their top scorers, Fred Diute, whose illness kept him from the game.

"Bonnie's Story"

St. Bonaventure has posted victories this year over such strong teams as Western Kentucky, Seton Hall, Canisius, Brooklyn college, Valparaiso, Westminster's victories have included wins over Detroit, St. Joseph's, Arizona State, George Peppardine and Maryland State.

Sophomore Bob Sassone, St. Bonaventure's leading scorer, with a 13 point average, will be counted on to pace the Bonnies.

A six-footer, will get support from 6-4, Luce Corkery, a forward; 6-5 Bill Edwards, pivotman; 6-5 Fred Diute, a forward, and Don Solinsky, 5-11 guard who is the team's playmaker.

Westminster will depend heavily upon six men in the contest. A highly rated guard, Jerry Hyder, and five consistently high scorers: Pat King, center; Don Meyers and John Abraham, guards, and Ed Halas and Jerry Sybert, forwards.

## Gaston Post Gets Baseball Trophy

Perry S. Gaston Post has received a handsome big trophy cup in recognition of the junior baseball team's prowess during the past summer.

The post's junior team won the district championship against some class opposition. Street Commissioner Joseph O'Leary was chairman of the baseball committee and coach of the team.

## PULASKI INDIANS WIN

Pulaski Indians yesterday edged Hanks Rockets 42-38. Tight defensive play by the Indians in the third period was the chief factor in victory. Igo led the winners in scoring. Costella, the losers. For games with Pulaski on Saturday afternoon, call 8238-R-2.

## Red Wings Top Blackhawks, 3-2

(By International News Service)

The Detroit Red Wings continued their winning ways last night as they clipped the tall-end Chicago Blackhawks, 3 to 2, at Detroit.

Sid Abel scored the winning marker with 21 seconds left in the game. The game was the 10th straight for the Hawks without a win.

At Montreal, the second place Toronto Maple Leafs tallied three times in the third period to give them a 5 to 3 victory over the Canadians.

Ice four inches thick will support a man or horseback.

## Pulaskis Trimmed By Franklin Elks

Unable to stop Jack Biery, former Penn State college star, who flipped in 27 points, the K. Pulaski "Big Five" suffered an 88-64 defeat at the hands of the Franklin Elks last night at Franklin, Pa. High court.

The Teddy Koles coached Pulaskis wilted in the fourth period after holding the Franklinites even for the first three seasons, the Elks scoring 27 points. The Franklin Elks are undefeated in three years at home.

Palmgren, Brandes and Procopio led the Pulaskis in scoring. Spangler, a former Westminster star, was a big help to the winners.

A crowd of 400 fans saw the game. The Pulaskis trailed the first period 18-17 and at the half 40-31.

Sunday the Pulaskis will battle the strong Westinghouse team from Sharon at the K. P. floor, following a prelude that will have the Pottery Maidens playing the Warren Jewelers.

## New Pheasant Plan Adopted

Farmers Asked To Rear Chicks

Lawrence County Sportsman's association hopes to enlarge its pheasant raising program this year.

Farmers and sportsmen who have pens, or will build them large enough, are being asked to aid the program.

The state provides the birds through the LCRA, and they are reared until they are 12 weeks old, then released.

The person who rears the bird is provided with five pounds of feed for each bird and when they are released, the state pays him for his work. It can be made a lucrative task.

The county sportsman's organization hopes to raise between 700 and 1,000 birds this year.

Persons interested can communicate with Eddie Fritz, Jr., secretary of the organization at 6876-W.

# Continue Rigid Probe Into Basketball "Fix"

By HOWARD SIGMAND  
(I. N. S. Staff Correspondent)

NEW YORK, Jan. 19.—New York authorities questioned two mystery men for six hours until early today in the investigation of the basketball "fix" scandal.

Bronx assistant district attorney Edward Breslin said the men were questioned in connection with telephone calls made from a candy store.

The prosecutor said the calls were made by a man under arrest in the case to Henry E. Poppe, 24, ex-basketball star at Manhattan college, who was accused to trying to bribe the school's center to "throw" Tuesday night's game with DePaul university. Also under accusation is John Byrnes, who with Poppe was a co-captain of last year's Jasper team.

Breslin, who is conducting the investigation which has led to cities outside of New York, refused to identify the two men questioned and said they finally were released.

**Several Loose Ends**  
The prosecutor would say only that one of the men owned the store and the other was a brother-in-law of one of the five men arrested Wednesday in connection with the gambling racket.

He said, however, that he had been in New Jersey "trying to get some loose ends" in the investigation. Beyond that, he would not say exactly where he had been or whom he had talked with.

Breslin commented, "I may be going elsewhere—I don't know where this thing might lead to."

It was known, however, that authorities are searching for a former New York basketball player and a man known only as "Big Joe" and "the big man."

District Attorney DeLuca said: "We do not know his true name. We hear he is dark-skinned and that he uses planes a good deal in

## Knickerbockers Defeat Lakers

(By International News Service)

Vince Boryla's red-hot set shooting proved to be too much for the Minneapolis Lakers as the New York Knickerbockers knocked them out of first place in the National Basketball Association's western division with a 95 to 78 triumph.

The former Notre Dame and Denver star hit for 13 out of 19 shots and accounted for 30 points. High man for the Lakers was George Mikan, with 27.

Meanwhile, the Rochester Royals trimmed the Syracuse Nationals, 96 to 87, to move into the first spot ahead of Minneapolis.

The Boston Celtics, leaders of the eastern division, walloped the tri-city Blackhawks, 105 to 85 and the Philadelphia's Warriors defeated the Indianapolis Olympians, 114 to 80, to round out last night's play.

## Three Women Sign Up To Drive Fire Truck In Rose Valley, Pa.

ROSE VALLEY, Pa., Jan. 19.—(INS)—It used to be that a man's best excuse for slipping out of an evening was "I'm going down to the firehouse for a little while". The age-old alibi may get a working over from the girls in Rose Valley, however, for three women have signed up as volunteer drivers for the borough's fire truck.

The truck was recently purchased as a combination civilian defense and fire protection measure. Rose Valley has no fire company of its own, and the South Media company is some distance away.

Borough residents thought it might be a good idea, particularly for civilian defense, to have an engine of its own on hand. Most of the menfolk, however, work in Philadelphia during the daytime. Three women immediately volunteered as drivers. The first volunteer was Mrs. Mary Saul McLaughlin, daughter of New York's famous "welcomer" Grover Whalen and wife of a New York attorney.

Tiny, pretty Mrs. McLaughlin learned to drive a truck as proprietor of the Rose Valley nursery and the men in town agree that she "can handle any truck we put under her".

The other volunteers, Mrs. William K. Rhodes, wife of a Media attorney, and Mrs. E. A. Charlott, wife of a Chester automobile dealer, both experienced Red Cross drivers.

## Drunken Drivers Increase In Jersey

TRENTON, N. J., Jan. 19.—(INS)—Martin J. Ferber, State Motor Vehicle Director, today reported 1,547 drivers were convicted of drunken driving in New Jersey during 1950. Director Ferber said that 99, or 1 in every 16, were second offenders who received mandatory sentence of 90 days in jail and had their driver's license revoked. The revocation total for drunken driving was the highest since 1937. In that year, 1,690 drank, drove and were convicted. The all-time yearly high was in 1930 when convictions reached 2,095.
